***AGRICULTURE (AGR)***

**AGR - GENERAL INTENT**

Agriculture (AGR) is intended to provide for agricultural uses and to preserve the existing rural character of outlying areas of the City. Most AGR lands are located in the Rural Area of the City where full urban services and facilities will not be provided by the City during the planning time frame. Accordingly, the principal activities allowed in these categories are agriculture and related uses, such as farming, horticulture, forestry and logging, storage, processing and wholesale distribution of farm supplies and products, and other resource dependent uses. In order to preserve the rural character of these areas, residential uses are permitted at very low densities.

**AGR - GENERAL USES**

The uses provided herein shall be applicable to all AGR sites in all Development Areas.
