CRITERIA

Section 656.101(i), Ordinance Code, defines an exception as “a use that would not be appropriate generally or without restriction throughout the zoning district but which, if controlled as to the number, area, location or relation to the neighborhood, could promote the public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity or general welfare.”

Section 656.131(c), Ordinance Code, provides that, with respect to action upon Applications for Zoning Exceptions, the Planning Commission may grant the exception if it finds from a preponderance of the evidence of record presented at the public hearing that the proposed use meets, to the extent applicable, the following standards and criteria:

- (i) *Will be consistent with the Comprehensive Plan, including any subsequent plan adopted by the Council pursuant thereto;*
- (ii) *Will be compatible with the existing contiguous uses or zoning and compatible with the general character of the area considering population, density, design, scale, and orientation of the structures to the area, property values and existing similar uses;*
- (iii) *Will not have an environmental impact inconsistent with the health, safety and welfare of the community;*
- (iv) *Will not have a detrimental effect on vehicular or pedestrian traffic or parking conditions, and will not result in the generation or creation of traffic inconsistent with health, safety and welfare of the community;*
- (v) *Will not have a detrimental effect on the future development of contiguous properties or the general area, according to the Comprehensive Plan, including any subsequent plan adopted by the Council pursuant thereto;*
- (vi) *Will not result in the creation of objectionable or excessive noise, lights, vibrations, fumes, odors, dust or physical activities taking into account existing uses or zoning in the vicinity;*
- (vii) *Will not overburden existing public services and facilities;*
- (viii) *Will be sufficiently accessible to permit entry onto the property by fire, police, rescue and*

- other services; and*
- (ix) *Will be consistent with the definition of an exception, the standards and criteria of the zoning classification in which such use is proposed to be located and all other requirements for such particular use set for elsewhere in the Zoning Code (Chapter 656, Ordinance Code) or as otherwise adopted by the Planning Commission.*

18. Given the above definition of an "exception" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the request is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the exception and to meet the criteria set forth may result in a denial.

See attached.

ANSWERS TO STANDARDS AND CRITERIA: EXCEPTION

EXCEPTIONS FOR (1) AN ESTABLISHMENT WHICH INCLUDES THE RETAIL SALE AND SERVICE OF ALL ALCOHOLIC BEVERAGES FOR ON-PREMISES CONSUMPTION OR OFF-PREMISES CONSUMPTION OR BOTH AND (2) FOR RESTAURANTS WITH THE OUTSIDE SALE AND SERVICE OF FOOD

SUMMARY DESCRIPTION OF THE PROJECT

Applicant, Normandy Stratton LLC, is the owner of property at 1996 San Marco Boulevard, Jacksonville, Florida 32207 (RE# 081338 0000) (the “Property”) as more particularly described in the legal description filed herewith. The Property is located within the San Marco Square, with CGC land use and CCG-1 zoning.

Applicant is working with Project Q SM, LLC and Project Q Holdings, LLC d/b/a Electric Dough Pizza Co (collectively, “Electric Dough Pizza Co”) to bring a fast-casual restaurant featuring artisan pizza and associated take-home food offerings to the building previously occupied by the San Marco Movie Theater. Pursuant to Sections 656.131 and 656.313 of the Zoning Code, Applicant requests exceptions for (1) the retail sale and service of all alcoholic beverages including liquor, beer or wine for on-premises consumption or off-premises consumption or both, and (2) outside sale and service of food. Applicant has filed a companion application requesting waiver of minimum distance requirements for a liquor license location.

1. ***Will be consistent with the Comprehensive Plan, including any subsequent plan adopted by the Council pursuant thereto.***

The grant of exceptions would be consistent with the Future Land Use Element (“FLUE”) of the 2045 Comprehensive Plan and would further the following FLUE goals, objectives and policies: Goal 1, Objective 1.1, Policy 1.1.1, Goal 3, Objective 3.2, Policy 3.2.1, Policy 3.2.2, and Policy 3.2.5.

2. ***Will be compatible with the existing contiguous uses or zoning and compatible with the general character of the area considering population, density, design, scale and orientation of structures to the area, property values and existing similar uses?***

Electric Dough Pizza Co will create an additional family-friendly restaurant in the San Marco Square, which is known for its mix of boutique restaurants and retail. The proposed alcohol service and outdoor seating is well established in the San Marco Square, with the following establishments also serving liquor and providing outdoor seating: Oceana, Taverna, Voodoo Brewing, Grape and Grain Exchange, Fore Score Golf Tavern, and Seafood Island Bar and Grille. The proposed uses will reduce the parking demand from the previous theater use based on the calculations in Part 6 of the Zoning Code. A reduction in parking supports the other uses in the San Marco Square that utilize the on-street and shared use spaces and will also reduce the potential for commercial intrusion in the surrounding residential neighborhoods.

3. ***Will not have an environmental impact inconsistent with the health, safety and welfare of the community.***

The proposed uses will not have an environmental impact inconsistent with the health, safety or welfare of the community. The outdoor seating will be consistent with seating in the San Marco corridor, including the outdoor seating at Grape and Grain along Balis Place.

4. ***Will not have a detrimental effect on vehicular or pedestrian traffic, or parking conditions, or result in the creation or generation of traffic inconsistent with the health, safety and welfare of the community.***

The requested exceptions will not have a detrimental effect on vehicular or pedestrian traffic, or parking conditions, or result in the creation or generation of traffic inconsistent with the health, safety and welfare of the community. The San Marco Theater originally had over five hundred (500) seats and then reduced to three hundred five (305) seats. The Transportation Planning Division confirmed that the proposed restaurant will result in less trips utilizing LUC 445 for the movie theater with five hundred (500) seats and LUC 932 for the proposed use with one hundred sixty-five (165) seats. Additionally, the Transportation Planning Division confirmed that the proposed restaurant will result in three (3) less required parking spaces based on the ITE Parking Manual. Likewise, Part 6 of the Zoning Code would require one hundred twenty-five (125) parking spaces for a five hundred (500) seat theater and only forty-seven (47) spaces for one hundred sixty-five seat restaurant with ten (10) employees on a peak-hour shift. Even at the reduced seat count of the theater (305 seats), the parking demand still exceeds the restaurant's Part 6 requirement by twenty-nine (29) spaces. The restaurant will also bring more pedestrians to the San Marco Square throughout the day rather than peaking at unique times when films were being shown at the theater.

5. ***Will not have a detrimental effect on the future development of contiguous properties or the general area, according to the Comprehensive Plan, including any subsequent plan adopted by the Council thereto.***

The requested exceptions will not have a detrimental effect on the future development of contiguous properties or the general area. The Property is located within the San Marco Square, which is already developed with office, restaurants, and bars, and commercial retail and service establishments.

6. ***Will not result in the creation of objectionable or excessive noise, lights, vibrations, fumes, odors, dust or physical activities, taking into account existing uses or zoning in the vicinity.***

The proposed uses will not create objectionable or excessive, noise, lights, vibrations, fumes, dust, or physical activity. The Property is within the San Marco Square, which is characterized by active street fronts with outdoor seating.

7. ***Will not overburden existing public services and facilities.***

The proposed uses will not overburden existing public services and facilities. A JEA letter confirming the availability of capacity to provide service will be provided.

- 8. *Will be sufficiently accessible to permit entry onto the Property for fire, police, rescue and other services.***

The site will be sufficiently accessible to permit entry onto the property by fire, police, rescue and other services.

- 9. *Will be consistent with the definition of a zoning exception and meet the standards and criteria of the zoning classification in which such use is proposed to be located?***

The proposed uses will be consistent with the definition of “zoning exception” provided in Section 656.1601 of the Code: a use that would not be appropriate generally or without restriction throughout the zoning district but which, if controlled as to number, area, location or relation to the neighborhood, could promote the public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity or general welfare. Within the CCG-1 district regulations, “an establishment or facility which includes the retail sale and service of all alcoholic beverages including liquor, beer or wine for on-premises consumption or off-premises consumption or both” and “restaurants with the outside sale and service of food meeting the performance standards and development criteria set forth in Part 4” as proposed are designated permissible uses by exception. The proposed uses will be controlled according to the site plan and other conditions described herein consistent with the criteria established for the CCG-1 District in Section 656.313 of the Code.

Attn: Mike Sittner

Thank you for your inquiry regarding the availability of Sewer, Water. The above referenced number in this letter will be the number JEA uses to track your project. Please reference this number when making inquiries and submitting related documents. This availability letter will expire two years from the date above.

Point of Connection:

A summary of connection points for requested services are identified on the following page. JEA recognizes Connection Point #1 as the primary point of connection (POC); however, a secondary, conditional POC will be listed if available. JEA assumes no responsibility for the inaccuracy of any service connection portrayed on a JEA utility system record drawing. JEA requires field verification in the form of a Level A SUE of all POCs prior to any plan approval to ensure connection availability. Please note the Special Conditions stated in each section contain pertinent information and additional requirements as well as further instructions. In the event the point of connection is located within a JEA easement located on private property not owned by applicant, applicant shall be responsible to obtain a temporary construction easement (TCE) from the third party owner providing applicant with the right to construct the utilities. **The TCE will need to be provided by JEA prior to setting up a pre-construction meeting.**

Main Extensions and/or Offsite Improvements:

For all utilities located in the public Right of Way or JEA easement, the new WS&R utilities shall be dedicated to JEA upon completion and final inspection, unless otherwise noted. **It shall be the applicant's responsibility to engage the services of a professional engineer, licensed in the State of Florida.** All WS&R construction shall conform to current JEA Water, Sewer & Reuse Design Guidelines which may be found at:

https://www.jea.com/engineering_and_construction/water_and_wastewater_development/reference_materials/

Reservation of Capacity and Capacity Fees:

This availability response does not represent JEA's commitment for or reservation of WS&R capacity. In accordance with JEA's policies and procedures, commitment to serve is made only upon JEA's approval of your application for service and receipt of your payment of all applicable fees.

If an existing service is to be utilized, the applicant shall contact the Water Preservice Group at 904-665-5260, Option 6 or waterpreservice@jea.com to discuss any additional capacity fees that may be required for the new or modified development.

Otherwise, estimated capacity fees may be calculated at https://www.jea.com/Engineering_and_Construction/Water_and_Wastewater_Development/Self-Service_Center/Capacity_Fee_Calculator_-_Average_Daily_Flow. Final fees will be determined by the Water Preservice Group as part of the new service application process.

A detailed overview of the process can be found at JEA.com. This document along with other important forms and submittal processes can be found at
