Date of Introduction: January 14, 2025

Committee(s) of Reference: R, F

Date of Analysis: January 16, 2025

Type of Action: Ordinance Code amendment

Bill Summary: The bill amends Ordinance Code Chapter 108 – Central Services – in Section 108.102 – Scope of central services; limitations – to clarify that the Office of Administrative Services and the Technology Solutions Department are "central services" provided by the consolidated government. It also amends the section to reflect the current name of the Department of Finance following last year's administrative reorganization.

Background Information: Section 24.04 of the City Charter requires that of the services provided by the central services department and the personnel department of the City shall be utilized by all offices, departments, and boards of the consolidated government and by all independent agencies, except when otherwise provided by law or directed by the council or by the Charter. After the administrative reorganization approved by Ordinance 2024-175-E created two new departments and renamed another, this bill is intended to clarify that the Office of Administrative Services and the Technology Solutions Department are "central services" and to reflect the new name of the Finance Department ("and Administration" removed).
