MEMORANDUM

TO: Chairman and Members
Jacksonville Historic Preservation Commission

FROM: Christian Popoli, City Planner Supervisor - Historic Preservation

RE: *Renaming Spellman Road to Spelman Road*

DATE: May 22, 2019

Consistent with Chapter 745 of the Jacksonville Ordinance Code on addressing and street naming regulations, requests to rename streets require a review and recommendation from the Jacksonville Historic Preservation Commission. In making a report and recommendation, the Commission shall address the following criteria:

1. The origin of the street name
2. Any historical significance of the existing street name
3. Whether there are any historical structures or landmarks on the subject street
4. Whether the existing name is part of a common theme of street names throughout the community where such street is located
5. The age of the street name
6. Whether the street name is a duplicate street name

Present Street Name: Spellman Road

Proposed Street Name: Spelman Road

Reason for Change: To correct the spelling of Spellman Road to Spelman Road, deleting one "L".

Background: Prior to Consolidation, in 1952, the Duval Board of County Commissioners approved a name change from Dixie Road to Spellman Road, to honor Spelman College, and its strong connection to Jacksonville. Unfortunately, the Resolution Passed by Duval County, misspelled the name, and included two "L"s in the spelling.

Report and Recommendation

The origin of the street name and any historical significance of the existing street name

The original platted name of this street was "Dixie Road", as part of the attached plat for Royal Terrace, Addition #1. In 1952, the name was changed to honor Spelman College. As noted in the resolution attached from the Board of County Commissioners, there were several name changes approved in this resolution, all of which honored historically black colleges and universities.

Whether there are any historical structures or landmarks on the subject street

There are no historical structures on this lot, or facing this street.

Whether the existing name is part of a common theme of street names throughout the community where such street is located

The current street name was given in 1952, and is part of a cohesive naming plan for the neighborhood, honoring historic black colleges and universities. This will remain, as this will correct a spelling error, but not change the name, but rather correct it to the true spelling for Spelman College.

The age of the street name

The current name dates to 1952, as noted above.

Whether the street name is a duplicate street name

The street name is not a duplicate.

Recommendation: The Planning and Development Department recommends that the proposed street name change from Spellman Road to Spelman Road be approved.

THE CHAIRMAN: Thank you.

We're going to move on to New Business. We're doing a road renaming.

Christian, if you would.

MR. POPOLI: Yes. Just a moment.

So through the Chair, this is a request for a road renaming. Without going into too much painful detail, the request is basically related to a specific -- I think I've got a picture of it here.

There's a plat known as Royal Terrace. It's north of the downtown area. The roads in this area were renamed en mass to reflect African-American colleges and universities. One of them was related to Spelman College, which, at the time -- this was before consolidation, so it was 1952. The Board of County Commissioners proposed, through a resolution, these noted road renamings. And somehow in that process they misspelled Spelman, which is a high degree of irony, and added two Ls.

So the college has asked that the name be changed to reflect the actual spelling of the college. So the request would go from Spellman with two Ls to Spelman with one L. We do think that the name, you know, obviously is significant. It was a clear decision

that the county commissioners at the time -- to reflect that college, as all the other names do, in fact, reflect other colleges.

So we're recommending support of the road renaming, which is really just a correction.

THE CHAIRMAN: Any questions for staff?

COMMISSION MEMBERS: (No response.)

THE CHAIRMAN: I will open the public hearing.

Is anyone here to speak on this?

AUDIENCE MEMBER: (Indicating.)

THE CHAIRMAN: You can come on up.

AUDIENCE MEMBER: Thank you.

THE CHAIRMAN: If you'd state your name and address for me.

AUDIENCE MEMBER: Sure.

My name is Joni Portier. I'm a partner at the law firm of Moseley, Pritchard, Knight & Jones, which is at 501 West Bay Street, downtown.

And yes, the National Alumni Association of Spelman College, the Jacksonville chapter is the one who's brought this to the attention of the City and respectfully requests that the road be corrected. Spelman has a long kind of relationship with the city of Jacksonville. Our first black female president was Dr. Johnnetta Cole, who is a Jacksonville native.

She's a past president of the Smithsonian in D.C. and is well-respected in the community and was named as the mayor's trailblazer award, which is being placed up.

So we have a couple of members from the Alumni Association present here today, and so we agree and would hope that you-all would agree to correct that spelling and correct it to reflect correctly the college.

THE CHAIRMAN: Thank you.

MS. PORTIER: Thank you.

THE CHAIRMAN: Is there anybody else here to speak on this?

AUDIENCE MEMBERS: (No response.)

THE CHAIRMAN: Seeing none, we'll close the public hearing.

And I don't need a motion here? We just approve --

MR. POPOLI: No. I think -- we recommended approval. If you guys are --

MS. ELLER: We don't do an order, but I typically think you move to approve it.

THE CHAIRMAN: Okay. Well, I'll take a motion to approve it, then.

All those in favor?

COMMISSION MEMBERS: Aye.

THE CHAIRMAN: Those opposed?

COMMISSION MEMBERS: (No response.)

THE CHAIRMAN: Hearing none --

MR. POPOLI: Through the Chair, just in case there's some curiosity, our staff report, along with the minutes, gets submitted to the 911 Committee, who also reviews this, and then that gets packaged with the ordinance and sent to on to City Council for approval, so ...

THE CHAIRMAN: All right. Let's go ahead and go to design issues.
Christian.
