

Project Title: Roadway Sign Stripe and Signal **Council District(s):** CW
Project Location: Countywide **Project Number:** PW0057-01
Department: Public Works **Program Area:** Roads/Infrastructure/Transportation
Ordinance No.: **BT No.:** **Useful Life:** 6-10 Years **Project Completion Date:** Ongoing

Project Description:
 This project supports the Traffic Engineering Division's county-wide effort to re-stripe and re-sign deficient roadways. Additional efforts include signal repair and replacement or enhancement of traffic signal equipment.

Justification:
 Roadways that lack or are missing lane lines/lane control markings (arrows, etc.) are difficult to traverse with opposing traffic. Drivers are exposed to side swipe and off-set head on collisions. Turns and curves are critical segments that require clear lane delineation. Repair of signalized intersections is critical in providing traffic control during weekday peak periods. Signs are replaced as reflectivity is reduced. Regulatory signs and school zones are critical locations. Signs useful life: 10 years, Signal useful life: 8 years, Striping useful life: 6 years.
