22 within the City's budget, there are hereby appropriated the  
23 indicated sum(s) from the account(s) listed in subsection (a) to  
24 the account(s) listed in subsection (b):

25 (B.T. 20-087, attached hereto as **Exhibit 1** and incorporated herein  
26 by this reference):

27 (a) Appropriated from:

28 See B.T. 20-087 \$241,813.00

29 (b) Appropriated to:

30 See B.T. 20-087 \$241,813.00

31 (c) Explanation of Appropriation

1           The funding above is from Debt Management Fund Loan  
2           Proceeds for the construction, contingency, and personnel  
3           costs associated with the repair and upgrade of Bridge  
4           724050 on Old Plank Road.

5           **Section 2.           Purpose.**    The purpose of the appropriation in  
6           Section 1 is to provide funding to upgrade to current Florida  
7           Department of Transportation (FDOT) standards the guardrails on  
8           Bridge 724050 on Old Plank Road and thus provide the driving public  
9           with traffic railing that will better prevent errant vehicles from  
10          breaking through the railing and crashing into the creek. The  
11          asphalt at the approaches to the bridge is damaged and needs to be  
12          repaired. The repair items associated with this project constitute  
13          safety upgrades and major maintenance to the bridge guardrail and  
14          pedestrian barriers.

15          **Section 3.           CIP Amendment.**    Ordinance 2019-505-E, being  
16          the 2020-2024 Five-Year Capital Improvement Program for the City  
17          and certain of its independent agencies, is hereby amended to  
18          reduce funding for the project entitled "Countywide Intersection  
19          IMP, Brge-Bridges" and provide funding for the project entitled  
20          "Old Plank Road Bridge Upgrades." The projects are more fully  
21          described in the Project Information Sheets, attached hereto as  
22          **Exhibit 2** and incorporated herein by this reference. The Council  
23          finds that the deferral of this amendment of the CIP until the next  
24          annual budget and CIP review will be detrimental to the best  
25          interests of the community because such deferral will result in  
26          unnecessary delay in repairing critical transportation  
27          infrastructure. Pursuant to Section 122.605(c), *Ordinance Code*,  
28          enactment of this ordinance requires the affirmative vote of two-  
29          thirds of the Council members present at the meeting because of the  
30          CIP amendment set forth in this section. This ordinance shall  
31          constitute an amendment to Ordinance 2019-505-E.    In all other

1 respects, the Five-Year Capital Improvement Program approved by  
2 Ordinance 2019-505-E shall continue in full force and effect.

3       **Section 4.       Effective Date.** This ordinance shall become  
4 effective upon signature by the Mayor or upon becoming effective
