Program Background:

- In the last 4 years, ending December 2019, we have obtained employment for 393 men and women. 260 were violent offenders of which 36 were sex offenders. 132 were non-violent offenders. 30 were employed at minimum wage (\$8.05), 233 were employed at above minimum wage (\$8.05-\$10.71, Average \$10.25), and 130 were employed at a livable wage (\$10.71+, Average \$12.00). This translates to over 8.5 million dollars (\$ 8,714,680.00) returned to Jacksonville’s economy.
- From January 2020-May2020, *much of which was during the Covid 19 dilemma*. We altered our program, utilizing technology and increased services. During this period, we assisted 26 people in securing employment (this number does not include pro-bono and sexual offender assistance, only COJ qualifying clients). 6 were employed at minimum wage (\$8.05), 7 were employed at above minimum wage (\$8.05-\$10.71, Average \$10.25), and 13 were employed at a livable wage (\$10.71+, Average \$12.00). This translates to over ½ million dollars (\$574,184.00) returned to Jacksonville’s economy during a global pandemic.

This totals over 9 million dollars (\$9,288,864.00) in the last 4 years and 4 months returned to the local economy through employment revenue.

Formula = average, X total, X 40 hours, X 52 weeks for each category, added together

- Most importantly, this saves tax payers the cost of trials, incarceration, and personal suffering, and makes the streets of Jacksonville a safer place.
