1. JUSTIFICATION FOR PLANNED UNIT DEVELOPMENT CLASSIFICATION FOR THIS PROJECT

The proposed project allows for renovation of a beloved facility which offers unique educational and recreational opportunities as well as encourages tourism to and volunteerism in the community. The proposed project is consistent with the general purpose and intent of the City of Jacksonville 2030 Comprehensive Plan and Land Use Regulations. The proposed project will be beneficial to the surrounding neighborhood and community in that:

A. The project is more efficient than would be possible through strict application of the Zoning Code;

B. The project is compatible with surrounding land uses and will improve the characteristics of the surrounding area;

C. The project will promote the purposes of the City of Jacksonville 2030 Comprehensive Plan as follows:

The proposed PUD is consistent with the general purpose and intent of the City of Jacksonville 2030 Comprehensive Plan and Land Use Regulations, and specifically contributes to:

1. Objective 1.1. Ensure that the type, rate, and distribution of growth in the City results in compact and compatible land use patterns, an increasingly efficient urban service delivery system and discourages proliferation of urban sprawl through implementation of regulatory programs, intergovernmental coordination mechanisms, and public/private coordination.
2. Policy 1.1.8. Ensure that all future development and redevelopment meets or exceeds the requirements of all Land Development Regulations, including, but not limited to zoning, subdivision of land, landscape and tree protection regulations, and signage, as established and adopted by the City, State of Florida and the federal government, unless such requirements have been previously waived by those governmental bodies.
3. Policy 1.1.12. Promote the use of Planned Unit Developments (PUDs) . . . in order to allow for appropriate combinations of complementary land uses, and innovation in site planning and design, subject to the standards of this element and all applicable local, regional, State and federal regulations.
4. Goal 3. To achieve a well-balanced and organized combination of residential, non-residential, recreational and public uses served by a convenient and efficient transportation network, while protecting and preserving the fabric and character of the City's neighborhoods and enhancing the viability of non-residential areas.
