NOTICE OF APPEAL FROM A FINAL ORDER OF THE JACKSONVILLE PLANNING COMMISSION

I. INSTRUCTIONS

As provided in §656.140, Ordinance Code, any person with standing may appeal a Jacksonville Planning Commission final order with respect to an application for zoning exception, variance, or waiver to the City Council. An appeal must be filed **within 21 calendar days** after the order granting, granting with conditions, or denying an application is signed by the Commission Chairman. To appeal a Commission final order, complete and submit this form to the Legislative Services Division, Suite 430, City Hall-St. James, 117 W. Duval Street, Jacksonville, Florida 32202 with the supporting documents (*see* Section III) and appropriate fees (*see* Section IV). A copy of the order and the list of persons who testified before or wrote to the Commission about the application (*see* Sec. III (1) and (4)) may be obtained from the Secretary to the Planning Commission at the Planning and Development Department, 3rd Floor, Edward Ball Building, 2814 North Hogan Street, Suite 300, Jacksonville, Florida 32202. For questions regarding the Appeal process, please contact the Secretary to the Planning Commission at (904) 255-7800.

II. NOTICE OF APPEAL

I, SEE ATTACHED LIST OF APPELANTS ____, hereby file this Notice of Appeal from the final order of PRINT NAME CLEARLY

the City of Jacksonville Planning Commission concerning Exception/Variance/Waiver Number WLD -21-04/E-21-16

I am (Please circle one):

(a) The person who filed the application for the zoning exception, variance, or waiver;

(b) A person who owns, lives, or operates a business on property within 350 feet of the property which has been granted or denied a zoning exception, variance, or waiver;

(c) A person, other than a member of the City Council, who provided a qualifying written statement or who testified before the Planning Commission. The statement must have been in writing, expressing a position on the merits of the application for zoning exception, variance, or waiver, other than a petition, such as a letter, a memo or an e-mail, containing a reference to the specific application number and the name and mailing address of the person making the statement. The statement must have been specifically addressed to the City's Chief, Current Planning Division, or any member of the Planning Commission (with a copy to the Chief, Comprehensive Planning Division), and which was delivered to and received by the City's Planning and Development Department by hand delivery, mail, facsimile, or e-mail at least two working days before the public hearing at which the Commission took final action on the application, or which is read into the record at the public hearing, or distributed to the Commission at the hearing with a copy to the Commission's staff.

III. SUPPORTING DOCUMENTS

To complete your Notice of Appeal, you must submit the following documents with this form:

(1) A copy of the Final Order you are appealing.

(2) If you circled II(c) above, you must provide a statement of your interest sufficient to show how you are or will be *adversely* affected by the Commission's decision. Please provide this statement in the space below:

(c) **Stefan & Autumn Wynn**; 3057 Haley Rd., Jacksonville, FL 32257 *adversely affected proximate party status*

III. SUPPORTING DOCUMENTS

(2): If you circled II(c) above, you must provide a <u>statement of your interest</u> <u>sufficient to show how you are or will be adversely affected by the Commission's</u> <u>decision</u>. Please provide that statement in the space below:

Mrs. Zacharia, Mrs. Sarah Herman and Rabbi Kahanov, are all within the 350 feet written notice radius of the proposed sports full liquor bar and qualify under subsection (b) and (c) as set forth below. **Stefen and Autumn Wynn and Gloria Einstein** live very close to the proposed sports full liquor bar and qualify under subsection (c) as set forth below.

Rabbi Joseph Kahanov also leads the synagogue and school directly adjacent to the property shown in Aerial View Staff Report, p. 4 within 350 feet subsection (b):

WLD-21-04 Page 4

Aerial View

From Staff Report, page 4.

§656.101 defines words used in the Code:

(b) Adversely affected person means "any person who is suffering or will suffer an adverse effect to an interest protected or furthered by the Comprehensive Plan or the Zoning Code. The alleged adverse effect may be shared in common with other members of the community at large, but must exceed in degree the general interest in community good shared by all persons."

Due to their proximity, appellants will be adversely affected by:

- the noise of an outdoor full liquor bar,
- traffic egressing onto Haley Rd.,
- overflow parking in the neighboring
- potential overflow parking into the synagogue/school's parking lot and on the residential streets,
- full liquor bar patrons making cut-throughs on the residential neighborhood streets on which children play and ride bicycles as full liquor bar patrons attempt to find a main thoroughfare,
- increased number of drivers leaving full liquor bar after consuming alcohol in this pedestrian neighborhood, and
- a decrease in property values.
- The full liquor bar would not only be operating on the San Jose corridor, but also would be using Haley Rd., which is a residential street.
- The introduction of a sports full liquor bar and its patrons will change the quiet and very safe character of our residential neighborhood.

Rabbi Joseph Kahanov submitted written objections in opposition to the proposed sports full liquor bar, and his written objections were read aloud for him at the hearing on May 6, 2021:

- Rabbi Joseph Kahanov objects and would be adversely affected because the sports full liquor bar does NOT meet the standards necessary to be an adjacent neighbor to a synagogue and school.
- Many children walk to attend the school that is directly adjacent to the full service sports and happy hours liquor bar along Haley Road.
- Many adults and elderly walk to the synagogue and also walk to the school along Haley Road.

Widad Zacharia lives directly across the street from the proposed full liquor bar. Widad Zacharia objects and would be adversely affected because of:

• external full liquor bar impacts on what is currently a safe and quiet neighborhood.

- Mr. Zacharia is ill and Mrs. Zacharia is a caregiver both will be affected inside and outside their home.
- Their young grandchildren stay with them frequently.
- The potential hazards of having a full liquor bar directly adjacent to their home, coupled with the increase in noise and traffic to the neighborhood, would make their home uninhabitable for them.

Holly "Sarah" Herman lives very near the proposed full liquor bar and objected in person at both hearings. Sarah Herman objects and would be adversely affected by impacts to herself and her children who are among the pedestrians walking in the neighborhood that would now be exposed to bar patrons leaving the sports bar on Haley Road and entering the neighborhood. A full service liquor sports bar will introduce drivers who have consumed alcohol (both below and perhaps in some cases above legal limits) adversely affecting:

- The safety of walking past the full liquor sports bar traffic
- The adverse impacts to pedestrian traffic that walks past the location on Haley Rd.
- there a large number of religiously-observant families that walk past the driveway of the proposed full liquor bar on Haley Rd.,
- many children, including her own, use the sidewalk to walk home from school,
- It is the only sidewalk on the entirety of Haley Rd.
- The south side of the road lacks a sidewalk, making avoidance of any traffic by patrons leaving the full liquor bar after consuming alcohol impossible.
- Two of the commissioners expressed personal knowledge that the neighborhood has a noteworthy amount of pedestrian traffic that is far more considerable than other residential neighborhoods.
- The expert advice of the realtor who facilitated the purchase of her home, advises that a sports full liquor bar in the neighborhood would likely cause a continuing drop in the price of her home and would cause devaluation of her home and other surrounding homes by as much as \$100,000.
- She was advised to sell her family's home immediately as prices would continue to decline when the sports full liquor bar opens should the city decide to ignore the current zoning laws and move forward with these waivers.

Stefen Wynn submitted oral and written testimony before the Planning Commission during the hearing on 4/22/2021 and his objections are attached hereto as **<u>Attachment A</u>**. Stefen Wynn resides in the neighborhood outside 350 feet but is a pedestrian in this neighborhood who objects and is adversely affected because:

- Approval of this application will unduly impact the safety and welfare of the surrounding residential, school and church community in which he lives.
- The intersection at San Jose and Haley Road is already dangerous but the introduction of bar patrons leaving the full liquor sports bar after watching sporting events will increase traffic safety danger at the intersection and in the neighborhood
- The approval will increase the risk and number of pedestrian accidents in this neighborhood.
- Allowing for a sports bar to go into this location next to a church and adjacent to a residential neighborhood access will undoubtedly exacerbate the already dangerous intersection.
- Based off the applicant's existing operations, since that's the only basis that I have to gauge the impact that a sports bar would have on our neighborhood, especially the "Number 1 Sports Bar in Jacksonville" offering "904 Happy Hours" among the "top 20 Happy Hours in Jax" will create an increase in traffic not only to the intersection, but also within the residential neighborhood behind the property in question.

Gloria Einstein appeared, objected and provided oral testimony at both Planning Commission hearings lives in the surrounding neighborhood of residences, schools, and churches but outside the 350-foot limit. Ms. Einstein objects and would be adversely affected by:

- The noise and the danger to personal safety from the sports full liquor bar patrons driving and parking on her street.
- The Haley Rd. entrance to the property's parking lot leads directly into her neighborhood,
- This formerly quiet, safe street will take on a completely different character with full liquor bar patrons seeking parking or leaving the sports bar after sporting events or happy hours will seek a cut-through to San Jose or Scott Mill.

On 4/22/2021, City of Jacksonville (JACKSONVILLE CODE) Planning Commission (PC) held a quasi-judicial hearing on **WLD-21-04** and its companion **E-21-16**.

The decision was later deferred to 5/6/2021; at which time the Planning Commission approved the Waiver from the minimum distance separation from churches and schools and the Exception to allow a full service liquor sports/happy hour bar adjacent to a school and church with access to Haley Road, a residential neighborhood street.

The hearings brought many residents to the meeting to oppose the waiver and exception, and many residents provided fact-based observation testimony and other competent, substantial evidence as to the distance to schools, churches, pedestrians in the neighborhood and other facts that were mistakenly, and improperly disregarded by the Planning Commission.

The application does not meet the clear and express requirements of the Code as set forth below:

BASIS FOR APPEAL: FAILURE TO MEET 5 STANDARDS & CRITERIA FOR DISTANCE WAIVER:

§656.133 of the JACKSONVILLE CODE Zoning Code provides that a waiver of minimum distance requirements for liquor license location may be granted if the Planning Commission makes a positive finding based on substantial, competent evidence that the application meets one or more of the following criteria:

1.) "The commercial activity associated with the alcoholic beverage use is of a <u>lesser intensity than the commercial activity associated with the alcoholic</u> <u>beverage use which previously existed</u>; e.g., there has been a reduction in the number of seats or square footage or the type of license"

This criteria was not met. The prior activity did not have a full liquor license.

The zoning code is particular to the actual use of the previous property. The previous property was a restaurant called *The Village Inn* and did not serve full service hard liquor and was not a 4 COP sports/happy hour bar.

The current applicant, has an already established business: *Time Out Sports Grill Jacksonville*, at: *13799 Beach Blvd. Unit #5*. That location has already received a 4COP liquor License. The applicant's existing operation is the "Number 1 Sports

Bar in Jacksonville" offering "904 Happy Hours" among the "top 20 Happy Hours in Jax."

Therefore, the application does not meet that criteria due to the previous tenant of the building being a restaurant that does not serve full service 4COP alcohol and did not have a liquor license.

Other liquor establishments along San Jose Boulevard do not directly access a residential road through the property with the liquor license.

The subject Time Out Sports bar application would be located at the entrance to a residential neighborhood.

Therefore, this criterion is not met, making it (1) of (5) not meeting the criteria for a waiver.

2.) "The alcoholic beverage use is designed to be an integral part of a mixed planned unit development"

This criteria was not met. It is not in a PUD.

The Staff Report admits:

No. The property is:

- zoned Commercial Community/General-1 (CCG-1) [not PUD]
- a 5,085 square foot single-story commercial structure
- a 0.91 +/- parcel property.

This not part of a mixed planned unit development.

Therefore, this criterion is not met, making it (2) of (5) not meeting the criteria for a waiver.

3.) "The alcoholic beverage use is located within a shopping center with an aggregate gross leasable area of 50,000 square feet for more, inclusive of all outparcels and meets the definition of a, "bona fide restaurant," as defined in § 656.805 (c)"

This criteria was not met. It is not in a shopping center.

The Staff Report admits:

No. The proposed use is located on a stand-alone parcel and is the only use within the structure.

The use is not located within a shopping center, like other uses along San Jose Boulevard, instead contrary to Code requirement the proposed use is located on a stand-alone parcel and the only use within the structure.

Therefore, this criterion is not met, making it (3) of (5) not meeting the criteria for a waiver.

4.) "The alcoholic beverage use is <u>not directly visible</u> along the line of measurement defined in § 656.806 <u>and</u> is physically separated from the <u>church or school</u>, thereby negating the distance requirement.."

This criteria was not met. It is directly visible from the church or school.

The Staff Report admits the following facts:

The proposed establishment **is directly visible** along the line of measurement defined in § 656.806.

The properties are adjacent to one another and are separated by a (4) foot concrete wall along the adjoined property line.

The proposed establishment *is directly visible* along the line of measurement as defined in §656.806 therefore it does not meet the first prong of criteria (4).

Because the criteria include the word, <u>"and</u>" it is a dual criteria or two-prong standard.

Therefore, even though the properties are, "physically separated," under the second prong, it fails to meet the first prong which requires that "**The alcoholic beverage use is** <u>not directly visible</u> **along the line of measurement defined in § 656.806**"

The intent of the code included the word, "and" is that physical separation is not the only provision of the criteria to be considered but instead both provisions, i.e., it must be (1) not directly visible and then it must also have (2) physical separation

are to be considered together in order for this criterion to apply.

Therefore, this criterion is not met, making it (4) of (5) not meeting the criteria for a waiver.

5.) "There are other existing liquor license locations <u>of a similar nature</u> in the immediate vicinity of the proposed location; provided, however, that <u>no</u> <u>waiver shall be granted</u> pursuant to this criterion <u>if the proposed liquor</u> <u>license location is closer to the church or schoo</u>l than other existing locations."

This criteria was not met and the criteria prohibits the approval of this waiver. It is **closer** to the church or school than other existing locations.

The Staff Report inappropriately gave the following response:

There are several existing liquor license locations within the immediate vicinity and along the San Jose corridor.

Application **WLD-19-17 was approved for the Blue Bamboo Restaurant**, serving all alcohol in conjunction with a restaurant, located just north of the subject property at 10110 San Jose Boulevard... to reduce the required distance from 500 feet to **115 [feet]** for the same church [and school] Chabad Lubavitch of NE FLA at 10129 Haley Road.

This subject request, WLD-21-04, is a waiver seeking, "to reduce the required minimum distance between the proposed Time Out Sports Grill Mandarin restaurant located at 10140 San Jose Boulevard and the Chabad Lubavitch of NE FLA at 10129 Haley Road from 500 feet *to 110 feet*."

See, Staff Report, General Information section (page one of the staff report for **WLD-21-04**)

The requested 110 feet (*Time Out Sports Bar*) is closer than the existing 115 feet (*Blue Bamboo Restaurant*).

Blue Bamboo Restaurant WLD-19-17 was for a property 115 feet away from the Chabad Lubavitch as measured by §656.806 of the Code of Ordinances for the JACKSONVILLE CODE.

The distance of WLD-19-17 is greater than the distance sought by **WLD-21-04**, requesting a waiver from the distance requirement for 110 feet.

Under the second prong or requirement of criteria (5) the establishments must also be similar. The *Blue Bamboo Restaurant* not similar to the Time Out Sports Bar.

The *Blue Bamboo Restaurant* is a fine dining Cantonese restaurant with three private dining rooms on the perimeter of the main dining room all offering fine dining in a restaurant operated by a graduate of the prestigious Culinary Institute of America.

The current applicant, has an already established location for the business at: *Time Out Sports Grill Jacksonville*, at: 13799 Beach Blvd. Unit #5. That location has already received a 4COP liquor License. The applicant's existing operation is the "Number 1 Sports Bar in Jacksonville" offering "904 Happy Hours" among the "top 20 Happy Hours in Jax" and host commercial sports viewing for hours long viewing of NBA, NFL, MLB events (i.e., "NFL Ticket") while patrons consume full service liquor for hours during each event and for consecutive events on Saturday and Sunday ~even closer to a church and school than the Blue Bamboo.

Therefore, this criterion is not met, making it (5) of (5) not meeting the criteria for a waiver.

BASIS FOR APPEAL: CODE §656.131 (c) requires CONSISTENCY WITH COMP PLAN:

§656.131 (c) of the JACKSONVILLE CODE Zoning Code allows for an exception for a Waiver of Liquor only if several criteria are met. The applicant claimed the following standards and criteria were met:

1.) "The proposed use will be consistent with the Comprehensive Plan according to the Future Land Use Element (FLUE) Objectives, Policies, and Goals"

<u>Goal 3</u>: "To achieve a well-balanced and organized combination of residential, non-residential, recreational and public uses served by a convenient and efficient transportation network while protecting and preserving the fabric and character of the City's neighborhoods and enhancing the viability of non-residential areas."

A 4COP liquor license is a full liquor license for: beer, wine, spirits and hard liquor; it requires a restaurant with at least 2,500 square feet and space to serve 150 people at a time, for on-premise consumption only.

The current applicant, has an already established business: *Time Out Sports Grill Jacksonville*, at: *13799 Beach Blvd. Unit #5*. That location has already received a 4COP liquor License. The applicant's existing operation is the "Number 1 Sports Bar in Jacksonville" offering "904 Happy Hours" among the "top 20 Happy Hours in Jax".

Locating a similar establishment in this location will create an increase in traffic not only to the intersection, but also within the residential neighborhood behind the property in question.

The property in the application for the waiver is currently zoned CCG-1, designated for:

CCG-1: "Commercial retail sales and service establishments including auto sales; Restaurants; Hotel and motel; Office, Business and Professional Office including veterinary office; Financial institutions; Multi-family dwellings; Live/Work Units; Commercial recreational and entertainment facilities; Off street parking lots and garages; Filling stations; and Uses associated with and developed as an integral component of T O D" according to the JACKSONVILLE CODE Comprehensive Plan Land Use Descriptions.

The property also directly abuts a place of worship and school, as well as a residential neighborhood

Therefore, §656.131 (c) and FLUE Goal 3 are not met.

<u>Objective 2.5 (ii)</u>: "Will the proposed by compatible with the existing uses or zoning and general character of the area, and similar uses or zoning?"

The surrounding properties and adjacent property include a school and place of worship.

The Haley Rd. Neighborhood has stated that the proposed full liquor sports/happy hour bar would not be in the general character of the area.

The appellants and many witnesses have testified to this and this testimony can be considered competent, substantial evidence. Supra.

Therefore, §656.131 (c) and FLUE Objective 2.5 (ii) are not met.

<u>Objective 2.5 (iii)</u>: "Will the proposed use have an environmental impact inconsistent with the health, safety, and welfare of community?"

Noise levels are an environmental factor.

The previous restaurant operated within the current zoning of CCG1, and did not serve alcohol. They did not have outdoor full liquor service with outdoor televised sporting events like the NFL ticket on Sundays.

The current Time Out Sports Grill location at Beach Blvd has live music on their outdoor patio starting at 10:00pm, has outdoor service with televised sporting events, and is open until 2:00am.

This will increase the level of noise from this business which is different from surrounding uses in the area and will affect the peaceful enjoyment of the environment and adversely affect the welfare of community.

<u>Objective 2.5 (iv)</u>: "Will the proposed have a detrimental effect on the vehicular or pedestrian traffic, or parking conditions, and will not result in the creation or generation of traffic inconsistent with the health, safety, and welfare of the community?"

The applicant has stated that he plans to have 71 parking spaces.

The occupancy of the establishment will be 141 persons.

If the proposed full liquor bar is staffed and at capacity, there will not be ample parking even with 71 spaces.

Traffic and parking will overflow into the adjacent place of worship and school and residential neighborhood.

The applicant stated they also want to have basketball tournaments, which will require blocking off basketball court-sized portions of his parking lot.

His patrons will not be able to park on the site of his business during these tournaments, which means there will be traffic and parking overflowing into the adjacent place of worship and school and neighborhood.

This would be a detriment to the school children and the people praying at the Chabad of NE Florida.

The otherwise quiet neighborhood would be disrupted by people looking for parking, and leaving after drinking at the full liquor bar.

Considering the heavy pedestrian traffic in the neighborhood, this is of particular concern.

Therefore, §656.131 (c) and FLUE Objective 2.5 (iv) are not met.

<u>Objective 2.5 (vi)</u>: "Will the proposed use result in the creation of objectionable or excessive noise, lights, vibrations, fumes, odors, dust, or physical activities, taking into account existing uses or zoning in the vicinity?"

The applicant explained in subsequent meetings with Neighborhood representatives that the proposed full liquor bar would remain open until 2:00am, and the 9:00pm closing time was only in reference to the outdoor seating area.

He later disclosed that the outdoor seating area would close at 11:00pm, and that he would be able to apply for a variance for other closing times for the outdoor full liquor bar.

Therefore, §656.131 (c) and FLUE Objective 2.5 (vi) are not met.

<u>Objective 2.5 (ix)</u>: "Will the proposed use be consistent with the <u>definition of a</u> <u>zoning exception</u>, and <u>will meet the standards and criteria</u> of the zoning classification in which such use is proposed to be located<u>, and all other</u> <u>requirements for such use</u> set forth elsewhere in the Zoning Code, or otherwise adopted by the Planning Commission?"

§656.101 defines words used in the Code:

"Waiver means a relaxation of the Zoning Code minimum distance requirements for liquor license locations, pursuant to Section 656.805 herein, and for minimum street frontage, pursuant to Section 656.407. Waivers are authorized to be granted by the Commission pursuant to the criteria set forth in Section 656.133. "

The requirements for the distance waiver were not met as explained herein. **Therefore**, **§656.131 (c) and FLUE Objective 2.5 (***ix***) are not met**.

BASIS FOR APPEAL: PROCEDURAL DUE PROCESS:

All appellants were adversely affected by the following specific procedural and substantive legal errors by the Planning Commission:

WAIVER CRITERIA NOT MET: The applicant clearly did not as a matter of law meet the standards and criteria for approval of the waiver of the distance requirements from schools and churches as set forth in detail in section III below.

LAYPERSON TESTIMONY AS COMPETENT, SUBSTANTIAL EVIDENCE: The Planning Commission ignored the overwhelming competent, substantial evidence of impacts on the neighborhood churches, schools and residences and pedestrians, as expressed by multiple witnesses and petitions entered into the record that were signed by more than 100 neighbors in the Haley Road Neighborhood. Layperson testimony that is fact based observation is competent, substantial evidence legally supporting denial.

Under the correct legal standard, even lay testimony is perfectly permissible and constitutes substantial competent evidence, so long as it is fact-based. Mere generalized statements of opposition are to be disregarded, but fact-based testimony may be relied upon as competent substantial evidence. Metropolitan Dade County v. Blumenthal 675 S.2d 598 (Fla. Dist. App. 3d 1996). In Blumenthal, the lay testimony went to the incompatibility of the proposed development with the surrounding uses, was found to be sufficient, based on essentially undisputed facts in the record about the adjacent existing development and existing zoning around the subject site. The documentary information included a diagram of existing development and zoning introduced by the lay witness without objection from the applicant and a county planning map of the general area. Later cases apply the Blumenthal principle to citizen testimony and other evidence in different settings, further explaining the standard including: Miami-Dade County v. Walberg, 739 So. 2d 115 (Fla. App., 1999) at 116, 117 (finding neighbors' testimony and site map to constitute substantial competent evidence upon which to uphold the denial of the zoning application); Metro. Dade County v. Sec. 11 Prop. Corp., 719 S.2d 1204, 1205 (Fla. Dist. App. 3d 1998), rev. denied, 735 S.2d 1287 (Fla. 1999) (upholding the county commission's denial of a special exception for a mini self-storage facility, based on lay testimony on incompatibility, plus documentary evidence of record, including a proposed site plan, elevation drawings, and an aerial photograph introduced by the applicant); Metro. Dade County v.

<u>Sportacres Dev. Group. Inc.</u>, 698 S.2d 281, 282 (Fla. Dist. App. 3d 1997) (approving the county commission's denial of a zoning application based in part on lay testimony that the proposed development would be incompatible with the existing adjacent community, bolstered by maps and other zoning records).

The Commission ignored evidence presented by the opposition witnesses that the applicant had misrepresented the views of Rabbi Yaakov Fisch, having said that the Rabbi was "thrilled" with Mr. Harris's offers of a crossing guard. Quite the opposite, Rabbi Fisch disagrees, and corrected that statement on the record with an email to the Planning Commission that was also read into the record during the April 22, 2021 hearing.

The Planning staff and Commission accepted the applicant's statement that the "restaurant" would close at 9:00pm on weeknights, when Mr. Harris admitted in meetings with neighborhood representatives that he was referring only to the outdoor patio. He later amended the outdoor hours to 11:00pm, again conflicting with the application he filed.

The Planning Commission ignored the testimony of Howard Wolpoff that the applicant did not negotiate in good faith with neighborhood representatives during the two-week deferral. The neighborhood's primary objective in negotiation was to agree to close the Haley Rd. access to the parking lot with a solid, high, opaque wall; which would have partially addressed the traffic, personal safety, and parking concerns along Haley Road. The applicant was entirely unresponsive to the proposal, and instead offered minimal concessions regarding outdoor dining. The minutes will reflect that the Planning Commission repeatedly praised the applicant for "bending over backwards" to mee the concerns of the neighborhood, when in the fact there was testimony before them that he had not done so and in fact had rejected the reasonable requests from the neighborhood as to closing access to Haley Road.

The Planning Commission reversed concessions the applicant had made with regard to the outdoor full liquor bar and liquor service and dining, overriding these voluntary concessions by the applicant and restoring the outdoor full liquor bar and liquor service and dining. Mr. Harris had been willing to forgo on completely on April 22, yet the Planning Commission reversed the limits Mr. Harris agreed to on the outdoor service on May 6. See minutes April 22 and May 6 meetings. One of the Commissioners went so far as to castigate the community for its failure to solve the traffic problem on San Jose Blvd on its own by hiring their own crossing guard, "holding a fundraiser" to build a

pedestrian bridge, or work more with the local government. The Commission is clearly unaware of the community's long history of attempts to meet with the City and DOT to improve pedestrian safety at the intersection of San Jose Blvd and Haley Rd, dating back to 1998.

The minutes will reflect that the Commission allowed the applicant to misrepresent and incorrrectly re-interpret the email from appellant, Rabbi Kahanov. Rather than taking the email at face value or asking for clarification from the Rabbi himself or from one of his congregants present at the hearing.

The minutes will reflect that the applicant, his counsel, and people speaking on the applicant's behalf were allowed unlimited time at the beginning and end of both hearings.

BASIS FOR APPEAL: § 50.201 – 50.207 INADQUATE EX PARTE DISCLOSURES

Ex parte communications should have been disclosed at the beginning, not after closing public comment, in the quasi-judicial hearing so that Appellants could have been made aware and addressed the substance of any disclosed ex parte communications made outside the quasi-judicial hearing during Appellants' testimony.

Full and adequate disclosure of communications made outside the quasi-judicial hearing is required by constitutional procedural due process and the JAX CODE.

§ 50.201 – 50.207 of the JACKSONVILLE CODE provides the process by which Commission members must declare ex parte communications.

During discussion on 4/22/2021, Planning Commissioners alluded to previous conversations with the applicant or the property owner, the agents for either party, or other relevant interested parties, but never officially disclosed the actual substance of those ex parte conversations at the beginning of the hearing before testimony by the public and adversely affected parties, including the Appellants, in a manner consistent as defined in the Code of Ordinances for the JACKSONVILLE CODE.

On 5/06/2021, the commissioners moved to approve the application then declared ex parte communications with the applicant's attorneys Duggan and Hainline. See, pp. 158-159 of the meeting transcripts.

The substance of the ex parte communications were not fully disclosed prior to the public portion of the quasi-judicial hearing.

ATTACHMENT A

Honorable Commission Members, my name is Stefen Wynn resident of 3057 Haley Lane. Over the past decade, I've been deeply involved in community planning, sustainable development, served on county and local plan commissions, board of zoning appeals, redevelopment commissions, and been a plan administrator – similar to Mr. Killingsworth, but on a much smaller scale. I've also written a Comprehensive Plan and am currently in the middle of a comprehensive plan re-write for the community that I currently serve. This is to say, that I understand the gravity of the decisions that you make and I appreciate your service to our community.

Today, I stand in opposition of E-21-16, because I believe that at its most basic level is contrary to the character of the existing neighborhood and ultimately does not follow the intention of the Comprehensive Plan. Furthermore, approval of this Zoning Exception would also require approval of a second waiver for distance requirements to serve alcohol near a school or church. In this case, the

> 2021-374 ON FILE Page 25 of 327

distance is well under 500 feet, at a distance of 110 feet and the subject property is an abutting property to the Chabad Lubavitch, which is also seeking a variance for a school.

The staff report for E-21-16 recommends approval and references two other Exceptions that were recently granted: E-19-37 & E-20-38. I assert that both of these exceptions are essentially different from the application before you this afternoon. The exception for the Blue Bamboo granted retail sales and service for alcohol within a predominantly restaurant establishment -1'm certain that the DBPR could confirm that the Blue Bamboo does more volume of sales in food than in alcohol. The other exception was for a restaurant across San Jose and wholly contained within a strip Mall – with no driveway access that spills into a residential neighborhood. The application before you today has a driveway that spills onto Haley Road – a neighborhood access road that goes to a number of dead end or no through way streets.

> 2021-374 ON FILE Page 26 of 327

The proposed sports bar before you today has already operated on Beach Boulevard for a few years. When you walk into the building, patrons are greeted by a large bar and a stage like area in the corner. The current menu for the applicant calls a 'Happy Hour' Monday-Friday 'till 7PM, that will most likely cause patrons to leave the building about the same time that children and families will be walking back from the synagogue across the street. The existing location on Beach Blvd. received new management in 2017, that garnered that location, "the number 1 sports BAR in Jacksonville;" That location was also awarded the '904 Happy Hours' top 20 Happy Hours in Jax. These designations have also garnered the applicant's current location 42 calls for service in 2019; and 17 calls for service to date from the Jacksonville Sheriff's Office.

While the staff report recommends approval, I highly encourage you to deny the exception because of the following reasons: the proposed exception to allow for the retail sales and service of alcoholic beverages

> 2021-374 ON FILE Page 27 of 327

in conjunction with the service of food with outside seating may not contribute to urban sprawl, but the addition of outside seating for a sports bar hasn't existed within the immediate area; and certainly not abutting a church, that abuts another church.

Further, and more importantly, the proposed exception abuts a church that also has an application in for a school, and a residential neighborhood with multiple dead-ends. The property also has an ingress/egress that spills onto Haley Road at an intersection touted by JTA, the TPO and COJ for an innovative way to accommodate the religious needs of residents traveling safely across San Jose during the sabbath – crosswalk beacons activated by a sensor instead of a push button. While it may have commercial uses nearby, it fails to meet the same criteria that the other two exceptions met: namely Blue Bamboo and the exception granted across San Jose Blvd. Especially since one didn't need a waiver from section 656.805 of the City's code – distance limitations for the service of alcoholic beverages. Blue Bamboo needed an exception due to the requirements of section 656.806 that establishes how distance between the properties are measured. The blue bamboo distance was measured from the back of the building to the rear property line of Chabad Lubavitch – an area not easily accessible by patrons of the Blue Bamboo or the church. In this applicant's case, the property shares it's entire rear lot line with the church and is accessible by the sidewalk along Haley Road, where the second driveway is located. Finally, the site plan for the outdoor sitting area has it facing the neighborhood, not San Jose Blvd.

The applicant's application also calls for Haley Road to be regularly used as part of their plan for emergency services, and as an extension of their traffic plan to get patrons in and out of the establishment.

I leave with this: approval of this application will unduly impact the safety and welfare of the residential community that I live. The intersection at San Jose and Haley Road is already dangerous, but has benefitted from the innovative approach to reducing vehicle and

> 2021-374 ON FILE Page 29 of 327

pedestrian accidents that JTA, the TPO and the COJ collaborated on to get done. Allowing for a sports bar to go into this location next to a church and adjacent to a residential neighborhood access will undoubtedly exacerbate the already dangerous intersection. Based off the applicant's existing operations, since that's the only basis that I have to gauge the impact that a sports bar would have on our neighborhood, it's safe to believe that the "Number 1 Sports Bar in Jacksonville," and 904 Happy Hours top 20 Happy Hours in Jax will create an increase in traffic not only to the intersection, but also within the residential neighborhood behind the property in question.

Please vote to deny E-21-16 and WLD-21-04 and preserve the character and charm of our residential neighborhood. FORM APPROVED:

APPLICATION NO: E-21-16

IN RE: the Zoning Exception Application of

TIME OUT SPORTS GRILL MANDARIN, LLC

ORDER APPROVING APPLICATION FOR ZONING EXCEPTION E-21-16 WITH CONDITIONS

This matter came to be heard upon the Application for Zoning Exception filed by NE Florida Capital Group, LLC, the owner of certain real property located at 10140 San Jose Boulevard, RE #148791-0000, on behalf of Time Out Sports Grill Mandarin, LLC, seeking to allow the retail sales and service of all alcoholic beverages in conjunction with the service of food with outside seating, in the CCG-1 Zoning District.

Having duly considered both the testimonial and documentary evidence presented at the public hearings on April 22, 2021 and May 6, 2021, including the Report of the Planning and Development Department on Application for Zoning Exception **E-21-16** and all attachments thereto ("Staff Report") and the Revised Site Plan dated April 21, 2021, a copy of which is attached hereto as **Exhibit** "A", the Planning Commission of the City of Jacksonville hereby adopts and incorporates herein the recommendations of the Staff Report, and,

FINDS AND DETERMINES:

- 1. That the applicant has complied with all application requirements set forth in Section 656.131 of the Zoning Code;
- 2. That substantial competent evidence demonstrates that application E-21-16 meets, to the extent applicable, the standards and criteria set forth in Section 656.131(c) of the Zoning Code; and
- 3. That the land which is subject of this exception application E-21-16 is owned by NE Florida Capital Group, LLC. A copy of the legal description of the subject property is attached as part of Exhibit "A" and incorporated herein by reference.

NOW THEREFORE, it is ORDERED by the Planning Commission:

1. Application E-21-16 is hereby APPROVED and a zoning exception is hereby granted to Time Out Sports Grill Mandarin, LLC, allowing the retail sales and service of all alcoholic beverages in conjunction with the service of food with outside seating, on the subject property as proposed in the Revised Site Plan dated April 21, 2021.

2021-374 ON FILE Page 72 of 327

- 2. In conformity with state licensing requirements, the exception hereby granted shall be personal to the license applicant/holder, non-transferable, and shall not run with the land as provided by Section 656.136(c) of the Zoning Code.
- 3. The exception herein granted is subject to the following condition:
 - a. Development of the property shall be subject to the Revised Site Plan dated April 21, 2021; provided however, the outdoor seating area is allowed to incorporate the nature and capacity (intensity) of the original site plan, dated March 17, 2021, submitted with the application. See for illustration purposes Second Revised Site Plan dated May 6, 2021.
 - b. An additional section of fencing shall be installed along Haley Road at the access locations as shown on the illustrations in the Second Revised Site Plan dated May 6, 2021. The fence shall be made of wood or vinyl and be 100% opaque, and six feet in height.
 - c. Directional signage on Haley Road at the property access point shall be installed subject to the review and approval of the Planning and Development Department.
- 4. The Exception granted herein shall <u>not</u> be construed as an exemption from any other applicable local, state or federal laws, regulations, requirements, permits or approvals. All other applicable local, state or federal permits or approvals shall be obtained before commencement of the development or use and issuance of this Exception is based upon acknowledgement, representation and confirmation made by the applicant(s), owner(s), developer(s) and/or any authorized agent(s) or designee(s) that the subject business, development and/or use will be operated in strict compliance with all laws. Staff Recommendation:

APPROVE

GENERAL INFORMATION

Application for Zoning Exception E-21-16 seeks to allow for the retail sales and service of all alcoholic beverages in conjunction with the service of food with outside seating within the Commercial Community General-1 (CCG-1) zoning district. The subject property is approximately 0.91± acres and is currently developed with a 5,085 square foot single-story commercial structure originally built in 1981. The property was previously operated as the Village Inn restaurant but the business closed and has remained vacant since 2016. The applicant intends to renovate the existing structure to operate Time Out Sports Grill Mandarin restaurant with outside seating. The restaurant will include a total of 177 seats with 131 inside seats and 46 outside seating and a total of 81 off-street parking spaces. Previous Zoning Exception applications within the immediate area have previously been approved including the Blue Bamboo Restaurant located just north of the subject property at 10110 San Jose Boulevard. Approved Zoning Exception applications include: E-19-37 & E-20-38.

Exhibit A

2021-374 ON FILE Page 75 of 327 This application has a companion Waiver of Liquor Distance (WLD-21-04) which seeks to reduce the required minimum distance between the proposed use and Chabad Lubavitch of NE FLA at 10129 Haley Road from 500 feet to 110 feet. The church is adjacent to the subject property but is separated by a 4 foot tall concrete wall. The Planning and Development Department is recommending that WLD-21-04 be approved.

DEFINITION

According to Section 656.1601 of the Zoning Code, *exception* means a use that would not be appropriate generally or without restriction throughout the zoning district but which, if controlled as to number, area, location or relation to the neighborhood, could promote the public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity or general welfare. Such uses may be permissible in the zoning district as exceptions if specific provision for the exception is made in the Zoning Code and the uses are found by the Commission to be in conformity with the standards and criteria for granting the same contained in Section 656.131(c) thereof.

STANDARDS, CRITERIA AND FINDINGS

Pursuant to the provisions of Section 656.131 (c) of the Zoning Code, the Planning Commission shall grant an exception only if it finds from a preponderance of the evidence that the exception meets, to the extent applicable, the following standards and criteria:

(i) Will the proposed use be consistent with the Comprehensive Plan?

Yes. The request is for an exception for the retail sales and service of all alcoholic beverages in conjunction with the service of food with outside seating within the Commercial Community General-1 (CCG-1) zoning district of the Community General Commercial (CGC) functional land use category.

The site is located in the CGC land use category of the Urban Development Area. The proposed exception of a restaurant with outside sales and service is consistent with the CGC land use category. Community/General Commercial in the Urban Area is intended to provide compact development, which should generally be developed in nodal and corridor development patterns while promoting the advancement of existing commercial land uses and the use of existing infrastructure. Principal uses include, but are not limited to, Commercial retail sales and service establishments including auto sales; Restaurants; Hotels and motels; and Offices, Business and Professional Offices including veterinary offices. The proposed use is also compatible with the following goals, policies, and objectives of the 2030 Comprehensive Plan:

2021-374 ON FILE Page 76 of 327

Future Land Use Element (FLUE):

Objective 1.1

Ensure that the type, rate, and distribution of growth in the City results in compact and compatible land use patterns, an increasingly efficient urban service delivery system and discourages proliferation of urban sprawl through implementation of regulatory programs, intergovernmental coordination mechanisms, and public/private coordination.

The proposed exception to allow for the retail sales and service of all alcoholic beverages in conjunction with the service of food with outside seating in zoning district CCG-1 will not contribute to urban sprawl by allowing a use that has already existed within the surrounding area.

Policy 1.2.9

Require new development and redevelopment in the Central Business District, Urban Priority Area, Urban Area, and Suburban Area to be served by centralized wastewater collection and potable water distribution systems when centralized service is available to the site. New septic tanks in this area maybe permitted only as interim facilities pursuant to the requirements of the Sanitary Sewer Sub-Element.

The proposed site is located with the Urban Area and will be served by both centralized Water and Sewer. The proposed use will be in compliance with Policy 1.2.9.

Goal 3

To achieve a well-balanced and organized combination of residential, non-residential, recreational and public uses served by a convenient and efficient transportation network, while protecting and preserving the fabric and character of the City's neighborhoods and enhancing the viability of non-residential areas.

The subject property is located in the center of an area designated for commercial uses and is surrounded by complementary zoning districts. The approval of this exception will not create a use out of character for the area and will not hinder the character of the City's neighborhoods or residential areas.

Airport Environment Zone

The site is located within the 300 foot Height and Hazard Zone for the Jacksonville Naval Air Station. Zoning will limit development to a maximum height of less than 300', unless approved by the Jacksonville Aviation Authority or the Federal Aviation Administration. Uses located within the Height and Hazard Zone must not create or increase the potential for such hazards as electronic interference, light glare, bird strike hazards or other potential hazards to safe navigation of aircraft as required by Section 656.1005.1(d). See Objective 2.5 of the Future Land Use Element below:

2021-374 ON FILE Page 77 of 327

Objective 2.5

Support and strengthen the role of Jacksonville Aviation Authority (JAA) and the United States Military in the local community, and recognize the unique requirements of the City's other airports (civilian and military) by requiring that all adjacent development be compatible with aviation-related activities.

(ii) Will the proposed use be compatible with the existing contiguous uses or zoning and compatible with the general character of the area, considering population density, design, scale, and orientation of structures to the area, property values, and existing similar uses or zoning?

Yes. The retail sale and service of all alcoholic beverages in conjunction with a restaurant is compatible with the adjacent and surrounding commercial uses along San Jose Blvd serving the surrounding commercial activity and residential communities. Contiguous land use categories, zoning districts and property uses are as follows:

Adjacent Property	Land Use Category	Zoning District	Current Use
North	CGC	CCG-1	Fast Food Restaurant
South	LDR	RLD-90	Single Family Dwellings
East	CGC	CCG-1	Convenience Store/ Gas Station
West	LDR	RR-Acre	Church

(iii) Will the proposed use have an environmental impact inconsistent with the health, safety, and welfare of the community?

No. The proposed use is unlikely to have any environmental impact inconsistent with the health, safety, or welfare of the community. The proposed use of a restaurant has already existed at this location for several years prior without any apparent negative environmental effects.

(iv) Will the proposed use have a detrimental effect on vehicular or pedestrian traffic, or parking conditions, and will not result in the creation or generation of traffic inconsistent with the health, safety, and welfare of the community?

No. The proposed use is unlikely to cause any additional increases in traffic over what is already present for the surrounding area or what was created by the previously operating restaurant at this location. The property will have adequate off street parking spaces provided on site including a total of 81 spaces. The retail sales of alcoholic beverages in conjunction with a restaurant will not result in the creation or generation of traffic inconsistent with the health, safety and welfare of the community.

(v) Will the proposed use have a detrimental effect on the future development of contiguous properties or the general area?

2021-374 ON FILE Page 78 of 327 No. The proposed exception will not have a detrimental effect on the future development of the surrounding area. The surrounding properties are already developed with viable commercial shopping centers and office uses.

(vi) Will the proposed use result in the creation of objectionable or excessive noise, lights, vibrations, fumes, odors, dust or physical activities, taking into account existing uses or zoning in the vicinity?

No. The retail sales and service of all alcoholic beverages in conjunction with the service of food with outside seating will not result in the creation of objectionable or excessive noise, vibrations, fumes, odors, dust, or physical activities inconsistent with the existing surrounding development. The applicant explains in the applications that the restaurant during the week will close at 9:00P.M. except for the weekends. Additionally managers will control the volume and will keep within an appropriate level for the surrounding area.

(vii) Will the proposed use overburden existing public services and facilities?

No. The proposed use is not likely to overburden exiting public services and facilities.

(viii) Will the site be sufficiently accessible to permit entry onto the property for fire, police, rescue and other services?

Yes. The site will be sufficiently accessible to emergency services via San Jose Boulevard and Haley Road, which intersect in front of the building where the proposed use will be located.

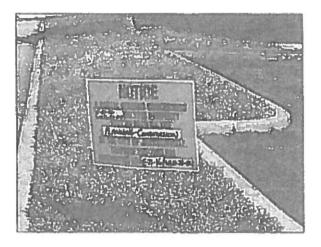

(ix) Will the proposed use be consistent with the definition of a zoning exception, and will meet the standards and criteria of the zoning classification in which such use is proposed to be located, and all other requirements for such use set forth elsewhere in the Zoning Code, or otherwise adopted by the Planning Commission?

Yes. According to Section 656.1601 of the Zoning Code, exception means a "use that would not be appropriate generally or without restriction throughout the zoning district but which, if controlled as to number, area, location or relation to the neighborhood, could promote the public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity or general welfare." As more fully set forth in the foregoing findings and conclusions, the proposed use is consistent with the definition of a zoning exception. The establishment is located in a commercial area at a location that is suitable for this type of establishment and will promote the commercial viability of the surrounding area by contributing another commercial destination point to the area.

CRITERIA

Section 656.101(i), Ordinance Code, defines an exception as "a use that would not be appropriate generally or without restriction throughout the zoning district but which, if controlled as to the number, area, location or relation to the neighborhood, could promote the public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity or general welfare."

Section 656.131(c), Ordinance Code, provides that, with respect to action upon Applications for Zoning Exceptions, the Planning Commission may grant the exception if it finds from a preponderance of the evidence of record presented at the public hearing that the proposed use meets, to the extent applicable, the following standards and criteria:

- (i) Will be consistent with the Comprehensive Plan, including any subsequent plan adopted by the Council pursuant thereto;
- (ii) Will be compatible with the existing contiguous uses or zoning and compatible with the general character of the area considering population, density, design, scale, and orientation of the structures to the area, property values and existing similar uses;
- (iii) Will not have an environmental impact inconsistent with the health, safety and welfare of the community;
- (iv) Will not have a detrimental effect on vehicular or pedestrian traffic or parking conditions, and will not result in the generation or creation of traffic inconsistent with health, safety and welfare of the community;
- (v) Will not have a detrimental effect on the future development of contiguous properties or the general area, according to the Comprehensive Plan, including any subsequent plan adopted by the Council pursuant thereto;
- (vi) Will not result in the creation of objectionable or excessive noise, lights, vibrations, fumes, odors, dust or physical activities taking into account existing uses or zoning in the vicinity;
 (vii) Will not overburden existing public services and facilities;
- (vili) Will be sufficiently accessible to permit entry anto the property by fire, police, rescue and

Question 18

The review of this application is explicitly clear by the layout of the meaning of exception. Our goal is to be allowed outside dining for any customer that prefers to dine outside due to COVID 19, and to have the liquor variance granted to be able to sell liquor in the restaurant. Section 656.101(i) allows for an exception when a use that would not be appropriate generally or without restriction throughout the zoning district but if controlled as to the number, area, location or relation to the neighborhood could promote public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity or general welfare, and that is exactly what is going to happen if this exception is granted.

Further, this restaurant is what Mandarin needs, it will bring families together as a place to watch sports while our restaurant will be consistent with the Comprehensive Plan, and all such guidelines will be followed. The Mandarin area is lacking a family style sports bar that serves alcohol in a safe, friendly atmosphere. We are estimating nearly a \$1,000,000 in renovations for this restaurant so we can produce a nice, fun, family atmosphere to give the people of Mandarin what they deserve. The building will have garage doors, a patio, numerous TV's, and an area for kids including but not limited to a Blitz machine. It is without question we will be compatible with the general character of the area, and this restaurant will increase property values in the area. The patio alone will give customers a chance to sit outside as its fenced in and will have an overhang. Time Out Sports Grill and Blue Bamboo are the types of restaurants that the people in Mandarin want and are asking for. All the time people ask me when are you opening in Mandarin? They will continue with statements such as "there's nothing to do, or we eat at the same 3 restaurants." Furthermore, Time Out Sports Grill will just continue the positive momentum of encouraging businesses to open in the Mandarin area, but we would like to have a patio and be able to serve liquor so we may operate to our full potential while conducting a safe and friendly atmosphere for customers.

In addition, there will not be any environmental impact inconsistent with the health, safety and welfare of the community. Although, we want to encourage health and safety in the community as youth sports is one of core values. We have a large parking lot in this location, and we are already proposing a plan to host a youth 3 on 3 basketball tournament in the parking lot benefiting the Boys and Girls Club. The goal is to keep kids on the court and off the streets, and promoting a healthy lifestyle with friendly competition can greatly assist with that. Furthermore, the health, safety, and welfare, of members of the community is something we truly value.

I went ahead and took the initiative to reach out to all 4 churches and synagogues in the area, and we did find an issue. Rabbi Fisch of Etz Chaim was very concerned about congregants walking to synagogue on Friday nights. After a wonderful conversation with the team, we agreed to personally pay for a security guard to walk congregants and members of the community across the street every Friday night. The Rabbi was thrilled! He couldn't believe it, but we're happy to do it! Therefore, it is clear we will actually make it safer for vehicular and pedestrian traffic.

2021-374 ON FILE Page 87 of 327 Moreover, noise will not be an issue as we will not even be open passed 9:00 P.M. except for on weekends, and majority of community members that watch football will be during the day. Plus only managers control the volume and they know what is an appropriate level. In addition, we will not over burden existing public services and facilities, and the premises will be sufficiently accessible to permit entry onto the property by fire, police, rescue and other services.

Now it is clear that we have gone above and beyond to suffice the criteria for an exception, and we respectfully request such to be granted. If anyone has any issues with the outside dining please see Exhibit C the Site Plan and Exhibit D the Floor Plan. We are investing a lot of money in this building to provide the most up-to-date building and experience for our customers. This in turn will only increase the health, safety, and well-being for our customers. In addition, I will be adding at least 50 jobs on day 1! Although, we do not want to limit ourselves so we would like to be able to serve liquor and have a patio for when the weather permits. Furthermore, we feel we have done everything possible to have the liquor variance and outside dining approved, but if anyone has any further suggestions, we would love to hear about them.

BEFORE THE PLANNING COMMISSION OF THE CITY OF JACKSONVILLE

APPLICATION NO: WLD-21-04

IN RE: The Application for Waiver of Minimum Distance Requirements for Liquor License Location

TIME OUT SPORTS GRILL MANDARIN, LLC

ORDER APPROVING APPLICATION FOR WAIVER OF MINIMUM DISTANCE REQUIREMENTS FOR LIQUOR LICENSE LOCATION WLD-21-04

This matter came to be heard upon the Application for Waiver of Minimum Distance Requirements for Liquor License Location WLD-21-04 filed by NE Florida Capital Group, LLC, the owner of certain real property located at 10140 San Jose Boulevard (SR 13), RE#148791-0000, on behalf of Time Out Sports Grill Mandarin, LLC, seeking a waiver to reduce the required minimum distance between liquor license location and house of worship or school from 500 feet to 110 feet, in the CCG-I Zoning District.

Having duly considered both the testimonial and documentary evidence presented at the public hearing on May 6, 2021, including the Report of the Planning and Development Department on Application for Waiver of Minimum Distance Requirements for Liquor License Location WLD-21-04 and all attachments thereto ("Staff Report"), a copy of which is attached as Exhibit "A", the Planning Commission of the City of Jacksonville hereby adopts and incorporates herein the recommendations of the Staff Report, and,

FINDS AND DETERMINES:

- 1. That the applicant has complied with all application requirements set forth in Section 656.133 of the Zoning Code.
- 2. That substantial competent evidence demonstrates that the application WLD-21-04 meets, to the extent applicable, the standards and criteria set forth in Section 656.133(a) of the Zoning Code.
- 3. The land to which this waiver is granted is owned by NE Florida Capital Group, LLC. A copy of the legal description of the subject property is attached as part of Exhibit "A" and incorporated by reference herein.

NOW THEREFORE, it is ORDERED by the Planning Commission:

1. A Waiver of Minimum Distance Requirements for Liquor License Location WLD-21-04 is hereby granted to Time Out Sports Grill Mandarin, LLC, thereby reducing the required minimum distance between liquor license location and house of worship or school from 500 feet to 110 feet, in the CCG-1 Zoning District.

- 3. Failure to exercise the waiver herein granted by commencement of the use or action herein approved within one (1) year of the effective date of this order shall render this waiver invalid and all rights arising hereunder shall terminate.
- 4. The Waiver herein shall <u>not</u> be construed as an exemption from any other applicable local, state or federal laws, regulations, requirements, permits or approvals. All other applicable local, state or federal permits or approvals shall be obtained before commencement of the development or use and issuance of this Waiver is based upon acknowledgement, representation and confirmation made by the applicant(s), owner(s), developer(s) and/or any authorized agent(s) or designee(s) that the subject business, development and/or use will be operated in strict compliance with all laws. Issuance of this Waiver does <u>not</u> approve, promote or condone any practice or act that is prohibited or restricted by any federal, state or local laws.
- 5. The approval granted herein shall not interfere with or abrogate or annul any easement, covenant or other agreement between any parties. In the event that the provisions of this Order impose a greater restriction upon the use, structures or development of the property than are imposed or required by other ordinances, rules, regulations or by easements, covenants or agreements, the provisions of this Order shall control.

Executed this 6th day of May, 2021.

Staff Recommendation:	APPROVE

GENERAL INFORMATION

Application for Waiver of Minimum Distance Requirements for Liquor License Location WLD-21-04 seeks to reduce the required minimum distance between the proposed Time Out Sports Grill Mandarin restaurant located at 10140 San Jose Boulevard and the Chabad Lubavitch of NE FLA at 10129 Haley Road from 500 feet to 110 feet. The request will allow for the retail sales and service of alcohol for on-premises consumption (4COP) w/ outside seating in the CCG-1 Zoning District. Previous Waiver of Liquor Distance applications within the immediate area have previously been approved: WLD-19-17, WLD-20-14.

Exhibit A

The applicant has also submitted a companion application to this waiver, Zoning Exception (E-21-16). This application for zoning exception was filed to permit retail sales and service of alcohol for on-premises consumption (4COP) w/ outside seating.

DEFINITION

According to Section 656.1601 of the Zoning Code, the term *waiver* means a relaxation of the Zoning Code minimum distance requirements for liquor license locations, pursuant to Section 656.805 of the Zoning Code, and for minimum street frontage, pursuant to Section 656.407 of the Zoning Code. Waivers are authorized to be granted by the Planning Commission pursuant to the criteria set forth in Section 656.133 of the Zoning Code.

STANDARDS, CRITERIA AND FINDINGS

Pursuant to the provisions of Section 656.133 of the Zoning Code, a waiver of minimum distance requirements for liquor license location may be granted if the Planning Commission makes a positive finding based on substantial, competent evidence that the application meets one or more of the following criteria:

i. Is the commercial activity associated with the alcoholic beverage use of a lesser intensity than the commercial activity associated with the alcoholic beverage use which previously existed; e.g., there has been a reduction in the number of seats or square footage or type of license?

No. The surrounding area is comprised of many commercial/retail uses, as well as several restaurants, hence why Planning Commission has approved previous liquor distance waivers for the immediate area. Therefore, the proposed use is of a scale and intensity that complements the other commercial uses within the surrounding area.

ii. Is the alcoholic beverage use designed to be an integral part of a mixed planned unit development?

No. The property is zoned Commercial Community/General-1 (CCG-1) and is developed with a 5,085 square foot single-story commercial structure on approximately $0.91\pm$ parcel property.

iii. Is the alcoholic beverage use to be located within a shopping center with an aggregate gross leasable area of 50,000 square feet or more, inclusive of all out parcels, and meets the definition of a Restaurant as defined in Section 656.805?

No. The proposed use is located on a stand-alone parcel and is the only use within the structure.

2021-374 ON FILE Page 104 of 327 iv. Is the alcoholic beverage use directly visible along the line of measurement defined in Section 656.806 and physically separated from a church or school, thereby negating the distance requirement as a result of the extra travel time?

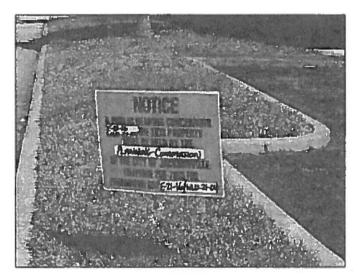

Yes. The proposed establishment is directly visible along the line of measurement defined in Section. 656.806. The properties are adjacent to one another and are separated by a 4 foot concrete wall along the adjoined property line.

v. Are there other existing liquor license locations of a similar nature in the immediate vicinity of the proposed location; provided, however, that no waiver shall be granted pursuant to this criterion if the proposed liquor license location is closer to the church or school than other existing locations?

Yes. There are several existing liquor license locations within the immediate vicinity and along the San Jose corridor. Application WLD-19-17 was approved for the Blue Bamboo Restaurant, serving all alcohol in conjunction with a restaurant, located just north of the subject property at 10110 San Jose Boulevard. This application sought to reduce the required distance from 500 feet to 115 for the same church Chabad Lubavitch of NE FLA at 10129 Haley Road.

SUPPLEMENTARY INFORMATION

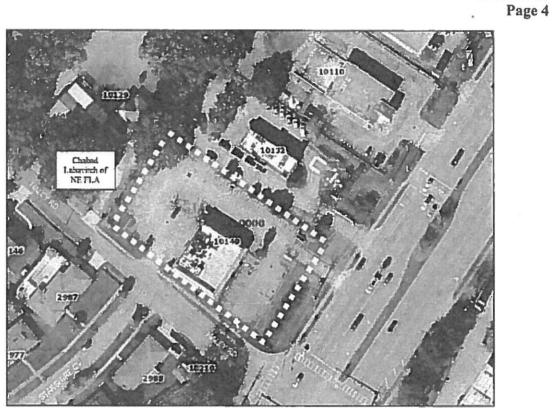

Upon visual inspection of the subject property on April 6, 2021, the Planning and Development Department staff observed that the required Notice of Public Hearing signs were posted.

RECOMMENDATION

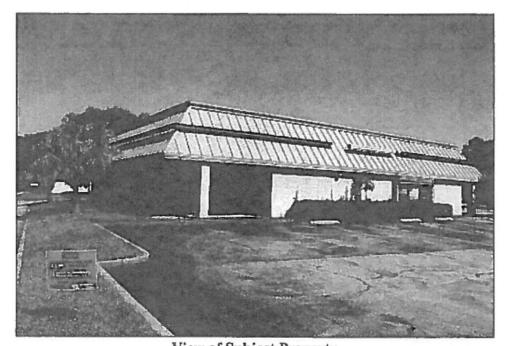

Based on the foregoing, it is the recommendation of the Planning and Development Department that Application for Waiver of Minimum Distance Requirements for Liquor License Location WLD-21-04 be APPROVED.

CRITERIA

Section 656.101(I), Ordinance Code, defines a waiver as "a relaxation of the Zoning Code minimum distance requirements for liquor license locations, pursuant to Section 656.805, Ordinance Code."

Section 656.133(a)1 through 5, Ordinance Code, provides that, with respect to action upon Applications for Waivers, the Planning Commission may grant a waiver for minimum distance requirements from a church or school for a liquor license location, if there exist one or more circumstances which negate the necessity for compliance with the distance requirements, included but not limited to the following:

- 1. The commercial activity associated with the alcoholic beverage use is of a lesser intensity than the commercial activity associated with the alcoholic beverage use which previously existed; e.g., there has been a reduction in the number of seats or square footage or type of license;
- 2. The alcoholic beverage use is designed to be an integral part of a mixed planned unit development;
- 3. The alcoholic beverage use is located within a shopping center with an aggregate gross leasable area of 50,000 square feet or more, inclusive of all outparcels, and meets the definition of a bona-fide restaurant as defined in Section 656.805{c};
- 4. The alcoholic beverage use is not directly visible along the line of measurement defined in Section 656.806 and is physically separated from the church or school, thereby negating the distance requirement as a result of the extra travel time; or
- 5. There are other existing liquor license locations of a similar nature in the immediate vicinity of the proposed location; provided however, that no waiver shall be granted pursuant to this criterion if the proposed liquor license location is closer to the church or school than other existing locations.

Page 2 of 4

17. Given the above definition of a "waiver" and the aforementioned criteria by which the request will be reviewed against, please describe the reason that the waiver is being sought. Provide as much information as you can; you may attach a separate sheet if necessary. Please note that failure by the applicant to adequately substantiate the need for the request and to meet the criteria set forth may result in a denial.

Question 17

It is clear by everybody in the area that the alcoholic beverage will not be directly visible along the line of measurement defined in *Section* 656.806, and will be physically separated from the places of worship in the area. Furthermore, it is also apparent by the definition in number 4 if the criteria above exists then the board must negate the distance requirement.

Per the site survey, 2 synagogues are across the street and if the measurement where from building to building it would be outside the distance requirement, but moreover, it would be nearly impossible for them to see any consumption of alcohol. In addition, at Time Out we are all about family and supporting the community. We have been in contact with every church or synagogue in question and found a solution. After speaking with Rabbi Fisch from Etz Chaim who was concerned about congregants crossing the street on Friday nights. Furthermore, we went back to the drawing board, and we will be paying for a security guard to walk congregants and anyone else in the area for 3-4 hours every Friday night. As you can imagine the Rabbi was thrilled! He couldn't believe it and thanked me repeatedly.

In addition, Chabad, and the Korean Church is located behind the location in question. We already have a fence that runs across the entire back of the restaurant also making it virtually impossible for them to see any consumption of alcohol as the back of the building and a fence is what's facing Chabad and the Korean Church. Moreover, per the plans, we're adding outdoor dining which will also be fenced in. This will allow customers with any COVID concerns to sit outside and the fence will further deter any visibility of such consumption of alcohol.

It is clear that we are going above and beyond to ensure that we comply with the fourth criteria to be granted a waiver for the liquor license, but I also wanted to tell you why I am seeking such a waiver. Mandarin is my home, it's where I'm from, I went away for 10 years, but I'm proud to be apart of this community. At 30 years old, if all goes well, I will have the opportunity to open my second restaurant. Although, the Mandarin area is lacking a true family sports bar. As you know, nearly every sports bar serves liquor as it is a key revenue driver for the operation. Margins made from alcohol allows a restaurant owner to serve more affordable food, as national margins on food are only 30%. Also, a larger issue is limiting an opportunity to serve the customer. When customers come in for football games, we do not want anything to deter their experience. Building a successful sports bar is all about the customers experience, great service, and the restaurant must run perfectly. Everything plays a role in the success of a restaurant.

Moreover, it is a dream of mine to be a successful entrepreneur, and I will keep opening restaurants and bringing jobs the community I love and call home. But I ask you, please grant this waiver so we can get to work!

MEMORANDUM

- TO: Erin Abney Current Planning Division
- **FROM:** Jody McDaniel, City Planner III Community Planning Division
- **RE:** E-21-16
- **DATE:** April 2, 2021

The following review is based on the information provided by the Current Planning Division staff

Description of Proposed Rezoning Application

Current Land Use: CGC	LU Companion Applicati	ion: N/A
Current Zoning: CCG-1	Proposed Zoning: Excep	tion Acres: 0.95
Land Development Area: Urban		

Comprehensive Land Use Policy Analysis

Is the proposed rezoning district consistent with the functional land use category identified in the 2030 Comprehensive Plan?

ZONING REQUEST:

The exception is for a restaurant with the outside sale and service of food in the CCG-1 zoning district and is located on San Jose Boulevard.

LAND USE CATEGORY CONSISTENCY REVIEW:

The site is located in the CGC land use category of the Urban Development Area. The proposed exception of a restaurant with outside sales and service is consistent with the CGC land use category. Community/General Commercial in the Urban Area is intended to provide compact development, which should generally be developed in

2021-374 ON FILE Page 121 of 327 nodal and corridor development patterns while promoting the advancement of existing commercial land uses and the use of existing infrastructure. Principal uses include, but are not limited to, Commercial retail sales and service establishments including auto sales; Restaurants; Hotels and motels; and Offices, Business and Professional Offices including veterinary offices.

To ensure compliance with the provisions of the Comprehensive Plan, zoning staff should analyze the proposed zoning application in relation to the following goals, objectives, policies and/or text of the 2030 Comprehensive Plan. This analysis should be included within the staff report for the zoning application.

Future land Use Element (FLUE)

Objective 1.1

.

.

Ensure that the type, rate, and distribution of growth in the City results in compact and compatible land use patterns, an increasingly efficient urban service delivery system and discourages proliferation of urban sprawl through implementation of regulatory programs, intergovernmental coordination mechanisms, and public/private coordination.

Policy 1.1.22

Future development orders, development permits and plan amendments shall maintain compact and compatible land use patterns, maintain an increasingly efficient urban service delivery system and discourage urban sprawl as described in the Development Areas and the Plan Category Descriptions of the Operative Provisions.

Policy 1.2.9

Require new development and redevelopment in the Central Business District, Urban Priority Area, Urban Area, and Suburban Area to be served by centralized wastewater collection and potable water distribution systems when centralized service is available to the site. New septic tanks in this area maybe permitted only as interim facilities pursuant to the requirements of the Sanitary Sewer Sub-Element.

Goal 3

To achieve a well-balanced and organized combination of residential, non-residential, recreational and public uses served by a convenient and efficient transportation network, while protecting and preserving the fabric and character of the City's neighborhoods and enhancing the viability of non-residential areas.

Objective 3.2

Continue to promote and sustain the viability of existing and emerging commercial and industrial areas in order to achieve an integrated land use fabric which will offer a full range of employment, shopping, and leisure opportunities to support the City's residential areas

The proposed rezoning has been identified as being related to the following issues identified in the 2030 Comprehensive Plan. Based on this relationship, the rezoning application should be carefully evaluated for consistency or inconsistency with the following issues and related goals, objectives and/or policies:

Airport Environment Zone

The site is located within the 300 foot Height and Hazard Zone for the Jacksonville Naval Air Station. Zoning will limit development to a maximum height of less than 300', unless approved by the Jacksonville Aviation Authority or the Federal Aviation Administration. Uses located within the Height and Hazard Zone must not create or increase the potential for such hazards as electronic interference, light glare, bird strike hazards or other potential hazards to safe navigation of aircraft as required by Section 656.1005.1(d). See Objective 2.5 of the Future Land Use Element below:

Future Land Use Element

Objective 2.5

2021-374 ON FILE Page 122 of 327 Support and strengthen the role of Jacksonville Aviation Authority (JAA) and the United States Military in the local community, and recognize the unique requirements of the City's other airports (civilian and military) by requiring that all adjacent development be compatible with aviation-related activities.

HERZBERG: Through the Chair, correct, sir. The idea here is to obviously build a shell, and then if someone can use more of the shell or all of the shell, we would obviously put that out there. But if we're only able to lease a portion thereof, then we would save some of the additional space for another	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	seating area. This is to be a restaurant, and they would have they want to have a quota liquor license, like a lounge would. This would be for an SRX license, as any restaurant with 150 seats would have. This was previously an old Village Inn, so it does have a history of food service. We would note that the Planning Commission just recently approved the Blue Bamboo two doors up from this. And I believe when I drove by, it looked like they were already up and running. In this case, the restaurant would have 177 seats. And so, I mean, you know, although there may be a close to a hundred Jewish families, you can multiply that by three easily. And, like I say, most of them are walking Saturdays, rain or shine. As far as the remarks about on the on the on the application, about let's see, where did it go? Yeah, about lacking a sports bar. Well, we've got Ale House, Jumpin' Jax and and Wicked Barley, which isn't too far away. We did have a sports bar on Corey Road, down by the library, about three-quarters of a mile as the crow flies. You could hear that on Sunday afternoons, many times. I think that one's closed now, but that's a so, you know, you put one down the street within, you know, two-tenths of a mile from our houses or even closer for a lot of these people. That's that sucks. So those issues that were so sincerely and heartfelt stated traffic, alcohol, parking those are issues that this site, being zoned CCG-1, providing sufficient parking, the Code allowing beer and wine, service and drinking in CCG-1, those are issues that aren't new and don't prevent this from happening. So outside sale and service becomes really the thing, I think. And I was sitting there thinking that and Mr. Harris was sitting there thinking that. And sure enough, Mr. Handmaker who came up, the about three speakers ago, he came up and said, Hey, if the outside went away you know, give us some time. Give us a deferral, and we'll talk about what we do with this outside service. And more than one person has said that. And much of the opposition has been, Hey, this outside patio, there's going to be interaction with pedestrians. There's going to be all kinds of issues as it relates to the outside patio.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	gone and it being totally enclosed, then we withdraw that we'll ask for withdrawal of that application, and it can move forward today. If the members of this commission want more time for more dialogue and more thought and more discussion, then we're open to that, too. But we're putting out there the withdrawal of the outside sale and service to see if we can move this thing forward today. With that, I'm happy to answer any questions. And, of course, Mr. Harris is here as well. THE CHAIRMAN: Thank you, Mr. Hainline. I would like to hear from Mr. Harris one last time since there's been a long set of opposition. I would like in the spirit of fairness, I would like to hear from the guy trying to do this. MR. HAINLINE: Thank you. Sure. (Mr. Harris approaches the podium.) THE CHAIRMAN: Sir, if you will have a seat. Thank you. MR. HARRIS: Members of the board and the community, I am Jewish. Jogrey up

It, built in the inter of the commissioners have goein in this one 5 6 Ittle bit nervous about that because this 6 7 is - a lot of man-hours have goein in this one 5 7 is - a lot of man-hours have goein in this one 7 9 other commissioner borter, you don't speak real 10 10 THE CHAIRMAN: Thank you, Commissioner Hatcer 10 11 So Think that, you know, Tim In kavor of 13 12 often, so - no offense - let's hear from you. 13 14 13 something happening here. I blink it maybe is 13 14 14 othat far away from what's on this site 15 really kind of step back on this one. 15 onget outwork, the intik rest offer 14 to aprotick wein theererer		edings before the Planning Commission		Uncertified Condensed Copy
2 what the rest of the Commission has to say. I 2 a fatal incident in the past. I think this 3 would be in, I think I think in favor of 3 would be absolutely insulting to this community 4 ayou know, to kick this down the road a 5 Would be absolutely insulting to this community 5 Ittle more, to defer it. But I'm also a 5 You know, I think the south ab ecouple 6 Ittle more, to defer it. But I'm also a 5 You know, I think the south ab ecouple 7 is - a lot of man-hours have gone in this one 7 more palatable. For me, personally, I would 9 other commissioner Parter, you don't speak real 10 The CHAIRMAN: Thank you, Commissioner Hacker. 10 THE CHAIRMAN: Thank you, Commissioner Mato 10 approve this. 11 A form what's on this ste 11 think ther's would be also easier if 12 onth at araway from what's on this ste 15 reality kind of step back on this one. 17 pin, but I think that either gong to no 17 it were just 2-COP, beer and winer. 3 would be in, I think in Favor of a =- you know, to kick this down the road a bittle more, to defer it. But I'm also a bittle bit nervous about that because this of things that would make this a little bit or portpatabale. For me, personally, I would be acouple of things that would make this a little bit or more patabable. For me, personally, I would be acouple of things that would make this a little bit or more patabable. For me, personally, I would be acouple of things that would make this a little bit or more patabable. For me, personally, I would be acouple of things that would make this a little bit opportunity. 10 THE CHAIRMAN: Thank you, Commissioner Parter, you don't speak real opportunity. 1 11 COMMISSIONER PORTER: Thank you, Chairman. SO I think that, you know, I'm in favor of something happening here. I think it maybe is outside sales or deferring and finding a way to outside sales and thike - you 20 1 1 21 The know, I wouldn't be comfortable just approving 21 1 1 1 24 think that was sense, and t think - you 20 1 2 24 think that wase means, and think - you 20 1 2	11	personal opinion. I look forward to hearing	1	there's you know, there's history. There's
4 ayou know, to kick this down the road a 5 little bit rervous about that because this 6 little bit nervous about that because this 7 is - a lot of man-hours have gone in this one 8 meeting today. So I look forward to what my 9 other commissioners have to say. 10 THE CHAIRMAN: Thank you, Commissioner Hacker. 11 Commissioner Porter, you don't speak real 12 often, so - no offense let's hear from you. 13 with MitsSIONER PORTER: Thank you, Commissioner Hacker. 14 so think Stat very out know, I'm in favor of 15 something happening here. I think it maybe is 16 not that far away from what's on this site 17 plan, but I think that either going to no 18 withik that makes sense, and I think you 20 is ont he north side of the building instead of 21 thik kit at makes sense, and I think you 22 thik sit is applied for at the morent. 23 thik way for MitsSioner Moldovan. 24 Commissioner Moldovan. 35 with have you, Mr. Chairman. 10 think kit se lotasity for it	2	what the rest of the Commission has to say. I	2	a fatal incident in the past. I think this
5 You know, I think there would be a couple 6 little bit nervous about that because this 5 You know, I think there would be a couple 7 little bit nervous about that because this one 6 of things that would make this a little bit 8 meeting today. So I look forward to what my 9 often romissioner hours have gone in this one 9 other commissioner hours have to asy. 10 11 Also, I don't think that will subte loss of this subte. 10 THE CHAIRMAN: Thank you, Commissioner Hacker. 11 Also, I don't think thet issue I don't 11 COMMISSIONER PORTER: Thank you, Chairman. 13 With outdoor sales and service as much as it is 12 think that make same any from what's on this site 16 really kind of step back on this one. 13 outside sales or deferring and finding a way to 19 18 really kind of step back on this one. 14 tust wouldn't be comfortable just approving 11 And we probably wouldn't be here 12 think that make sense, and I think you 14 14 14 14 14 14 14 14 14 14 14 14 14 14 14	3	would be in, I think I think in favor of	3	would be absolutely insulting to this community
5 You know, I think there would be a couple 6 little bit nervous about that because this 5 You know, I think there would be a couple 7 little bit nervous about that because this one 6 of things that would make this a little bit 8 meeting today. 6 little bit nervous about that because this 6 of things that would make this a little bit 7 is - a lot of man-hours have gone in this one 6 of things that would make this a little bit 7 is - a lot of man-hours have gone in this one 7 is - a lot of man-hours have gone in this one 9 other commissioners have to say. 9 1 The CHAIRMAN: Thank you, Commissioner Hacker. 11 Commissioner Porter, you don't speak real 10 opportunity. 12 often, so - no offense let's hear from you. 13 with kit sub utodor sales and service as much as it is 12 othen, so - no offense let's hear from you. 13 with would make that's usit welcoming a bad 13 othink that, you know, I'm in favor of 14 think that, you know, I'm in favor of 14 so ottside sales or deferring and finding way to 16 I also think it would make that could go 19 get a site plan where maybe the outside sales 17 It have platably wouldmit be here 20 is on the north side of the building instead of 18 It have platably the outside sales 21 think tha makes gense, and I think you </th <th>5</th> <th></th> <th>5</th> <th></th>	5		5	
7 is - a lot of man-hours have gone in this one 8 7 more platable. For me, personally, I would 8 8 meeting today. So I look forward to what my 9 the to see egress on Haley closed off. I 9 9 this to this that way to seak real 9 10 THE CHAIRMAN: Thank you, Commissioner Hacker. 10 10 THE CHAIRMAN: Thank you, Commissioner Hacker. 12 often, so - no offense let's hear from you. 13 0 13 COMMISSIONER PORTER: Thank you, Chairman. 14 14 Just you know, the full liquor is where I 15 15 14 something happening here. I think it maybe is 16 not that fra away from what's on this site 17 16 really kind of step back on this one. 16 16 13 outside sales or deferring and finding a way to 19 18 in the aring, you know, by right that could go 19 11 14 iss on the north side of the building instead of 20 18 18 18 Im hearing, you know, by right that could go 19 19 24 thowy would'nt be here 20 10 11 11 11 11 11 11 11 11 12 11 12 11 12 12 12 12 12 12 12 12 1	-		_	
8 meeting today. So I look forward to what my 9 8 like to see egress on Haley closed off. I 9 9 ther commissioner have to say. 9 10 THE CHAIRMAN: Thank you, Commissioner Hacker. 10 11 Commissioner Porter, you don't speak real 12 11 Also, I don't think the issue I don't 14 11 often, so - no offense let's hear form you. 11 Also, I don't think the issue I don't 14 12 orten, so - no offense let's hear form you. 13 With outdoor sales and service as much as it is 14 13 so of think that, you know, I'm in favor of 15 15 14 just you know, the full liquor is where 1 14 so ot think that, you know, I'm in favor of 15 15 16 1 also think it would be a lot easier if 16 1 15 ont think that elther going to no 19 16 1 1 1 The mearing, you know, by right that could go 16 1 14 text est paint where maybe the outside sales 16 10 1 1 1 15 reare it at that makes sense, and 1 think you 16 22 1 1 1 24 they should have the first right of refusal. 24 1			_	•
9 other commissioner have to say. 9 think that that's just welcoming a bad 10 THE CHAIRMAN: Thank you, Commissioner Hoter, you don't speak real 14 12 often, so - no offense let's hear from you. 13 13 COMIISSIONER PORTER: Thank you, Chairman. 14 14 So I think that, you know, I'm in favor of 14 15 something happening here. I think it maybe is 16 16 not that far away from what's on this site 16 17 plan, but I think that either going to no 17 18 outside sales of deferring and finding a way to 19 19 get a site plan where maybe the outside sales 19 11 think that makes sense, and I think you 20 21 the south side or there's a landscape buffer or 22 22 maybe the hours of operation are limited, I 22 23 think that woul, Mr. Chairman. 190 1 Thank you, Mr. Chairman. 190 1 Thank you, Mr. Chairman. 190 1 Thak you, Mr. Chairman. 192		•		•
10 THE CHAIRMAN: Thank you, Commissioner Hacker. 10 opportunity. 11 Commissioner Porter, you don't speak real 11 Also, I don't think the issue I don't 13 otten, so - no offense let's hear from you. 12 Think thet's much of an issue, in my opinion, 14 So I think that, you know, I'm in favor of 15 something happening here. I think it maybe is 16 not that far away from what's on this site 16 I also think it would be a lot easier if 17 plan, but - 1 think khat either going to no 17 I'were just 2-COP, beer and wine. From what 18 outside sales or deferring and finding a way to 19 Iaso think it would be a lot easier if 19 plan where maybe the outside sales 10 I'were just 2-COP, beer and wine. From what 11 the south side or there's a landscape buffer or 10 10 11 the north side of the building instead of 20 iocussing it right now if it were just 2-COP. 12 think hat makes sense, and I think you 24 they should have the first right of refusal. 24 think that makes sense, and I think you 24 they should have the first right or fitsala. 24 T			-	
11 Commissioner Porter, you don't speak real 11 Also, I don't think the issue I don't 12 often, so no offense let's hear from you. 12 think there's much of an issue, in my opinion, 13 COMMISSIONER PORTER: Thank you, Chairman. 14 think there's much of an issue, in my opinion, 14 So I think that, you know, I'm in favor of 15 with outdoor sales and service as much as it is 14 So I think that, you know, I'm in favor of 15 something happening here. That's just a fact. Sorry. But I know that the May the 20th agenda is a little busy. I mean, I guess I guess what I guess what I would like to say is maybe a deferral to May the 6th, and then we let you know whether we need an additional deferral, if that's acceptable to you. Because then if Matt if Mr. Harris is willing to work out something or is able to do something or do something that might work by May the 6th, then we can then he can do it then. But if not, and if it seems like we need more time or if he would like me there, then we can defer to the 20th.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Sabbath. So for that reason, I'm most inclined to defer it. And I also echo what Commissioner Brown has said. You know, I don't know that there's another matter that's given me more deep thought or pause to figure out what I truly feel is the right thing to do. And I agree with Commissioner Brown that, you know, Mr. Harris is running an organization. He's of the culture. He's of Duval. He cares. He's conscientious. He obviously conducts himself with excellence. And we often talk here about a bird in the hand, you know, and it will often come up, and the public doesn't like it. And we'll say, Well, here is what I can do by right. And then they'll start rolling out things that are scarier than what someone is trying to come in and do. But that occurs for a reason, because it's the reality of the law and of the legal system and the Zoning Code. So I would very much agree with	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	(Mr. Hainline approaches the podium.) MR. HAINLINE: T.R. Hainline, 1301 Riverplace Boulevard. I'm going to talk about both MM-21-07 and MM-21-08. Both of these minor modifications cover one parcel. This parcel is over two different PUDs and two different DRIs, so	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	testimony you are about to give will be the truth, the whole truth, and nothing but the truth? MR. SPOFFORD: Yes, I do. THE REPORTER: Thank you. MR. SPOFFORD: Okay. Here on behalf of Citicorp, the owner of the land, and Davis Development, who has the land under contract for purchase for a luxury apartment community. Davis has done a couple of other luxury apartment communities in Flagler Center. The request, just to clarify, is really just to allow multifamily as a use on the subject property. We're not adding any additional units to the DRI or the PUD, so the north one-third is in Flagler Center and the south two-thirds of the site is in Bartram Park, and that's the reason for the two PUD minor mods. I'll answer any questions you have. THE CHAIRMAN: Thank you, Mr. Spofford. Is there anyone else here today I do have two speakers in support for this matter, if they wish to speak.

So it's that kind of on-street parking. So that's that's the reason for those changes in those townhome development criteria that were in there before. So, with that, we're acceptable to the conditions in the staff report, which were just brought forward from the prior PUD that or the current PUD that affects this site. We've worked with the district councilman on this and we're not aware of any concerns or opposition from surrounding neighbors. So, with that, I'm happy to take any questions. THE CHAIRMAN: Great. But yes, they won't have garages. They'll be townhome units. It's kind of what you would normally see, but no garage and then on-street parking. If you look at the site plan, there's perpendicular on-street parking along the access drive into the site. So, again, that allows for it's kind of a narrow site, basically no driveway. Kind of more like court-style townhomes with the parking on the street to avoid and the perpendicular parking so you don't have cars parked on the street and clogging up the right-of-way. You have plenty of plenty of access drive but then with your perpendicular on either side. COMMISSIONER BROWN: Okay. I'm not trying to mess with your site plan. I'd also like to say that I think the security guard on Friday nights is an extremely nice concession. It seems crossing the street is an issue. I also know the crosswalk that goes along San Jose from Haley Road has security cameras. It counts down from 30 seconds to show when time is expiring. It's clear adding a security guard to this intersection will only make the neighborhood safer. I also know the security guard does not come free. Mr. Harris is willing to spend thousands of dollars on safety for something that no other restaurant does. I'm hoping it will be given the opportunity to be a full-service restaurant. If y'all are interested, I have some of those listings here. THE CHAIRMAN: Sir, you're welcome to read

On his own, he sought out the rabbis in the area way before anyone objected or knew about the plans to as a sign of consideration and thoughtfulness, to explain to them what we're planning and talk to them. Rabbi Fisch of Etz Chaim expressed concern about people crossing the street, which is understandable in light of the fact several years ago someone crossing the street to attend services was struck and killed. So it's been a major concern for him for years. Matt came to me and said, What do you think about us hiring a crossing guard to help people cross the street? I thought it was a great idea. He came up with that idea. Years ago, I was director of psychological services at a drug and alcohol abuse center here, so I'm very familiar with the problem of substance abuse, and yet I strongly believe it is a right of people to go out with their family and, while the kids play, that the adults should have a right to have a mixed	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	104 not intentionally an opposed and unopposed group. The application included misleading statements, including that the restaurant will close at 9 p.m. on the weekdays, which is repeated by your staff report. That was not the case, as Mr. Harris related to me, Oh, I really meant the deck. This, too he already changed it to 10 p.m. He also infers support from the local rabbi, who has since sent you and the community a correspondence clarifying his statement, which I included there. Taking the strong suggestion of Commissioner Moldovan, we made it clear that we wanted to ensure the community's security by having a wall built from the back property line all the way to the front of the building along Haley Road, blocking off the driveway onto the streets. I even shared with Mr. Harris the marketing and community activity opportunities this could bring. I don't want to create a condition you can't, like, get out the door with. MR. HARRIS: Right. COMMISSIONER BROWN: My other thoughts: From the community perspective this got touched on a little bit. There are some organization things as a community you-all could consider. You could have, like, a volunteer crossing guard, neighborhood watch, helpful and maybe it's only temporary. Maybe it's until you become comfortable with your new neighbor if this should pass. You may come to realize you don't need it. I think it's very generous that you offered to add Fridays and high holiday security. It's really that one spot at Haley that's concerning. If you look at the zoning map, it's really

ing Commission Meeting April 22, 2021

Applicant has requested two variances to the property at 10140 San Jose Boulevard, Jacksonville, FL 32257 for sales of all alcohol beverages and to reduce the minimum distance between liquor license and church or school from 500 feet to 110 feet.

The submitter of this document objects to both requests for the reasons listed below.

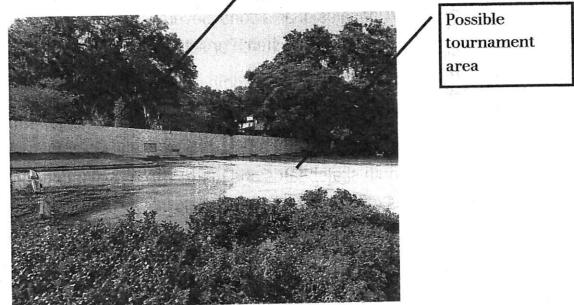

1. Applicant claims a sports bar is in general character of the neighborhood. During a casual walk through the neighborhood you will see families walking with children, pushing strollers, youth skateboards and more. This photo dated April 21 shows a typical scene. In this case at the intersection of Haley Road and Starshire, across

from the applicant location. Compare this family setting to the scene in Applicants other sports bar. How does a sports bar that would back up to a Jewish house of worship promote morality and family togetherness?

A the set of the black of the black of the black of the set of the s

2021-374 ON FILE Page 281 of 327 2. Applicant proposes 3 on 3 basketball tournaments in the rear parking lot. It appears the basketball hoops will be some 100 feet from the building. Thus they will be abutting the property line and the synagogue next door. This will result in undue noise from players, spectators and sports equipment. The tournament should be moved or eliminated.

3. Applicant claims restaurants are needed. According to Trip Advisor there are 1,363 restaurants in Jacksonville. There are approximately 10 restaurants of various types within walking distance of the applicant location.

4. There are approximately 72 parking spaces. Some will be eliminated for the outdoor seating and basketball tournament area. Some will be used by the 50 proposed employees. This could result in overflow parking on to the residential streets, Haley, Starshire and others streets in the community. Therefore, it is requested that the driveway to/from Haley road be closed with permanent barrier or fence to eliminate this problem.

5. The proposal will have the sports bar open late on Friday night and weekends. The offer of a crossing guard on Friday nights is commendable. However, to fully accommodate the crossing concern additional days need to have a guard. Namely Saturday morning, afternoon and evenings; and also on Jewish Holidays: Passover (8 days), Shavuot (2 days), Sukkot (8 days) Rosh Hashana and Yom Kippur. Day and evening for these Holy Days as Number 1287 of 327

6. Applicant states "there will not be any environmental impact inconsistent with health, and safety of the community." How was this determined? Were there studies performed to determine this claim? By who? When?

Submitter respectfully requests that both Requests be DENIED.

If approved it is respectfully requested that the Requests be <u>Approved with</u> <u>Conditions</u> as follow:

- 1. Additional crossing guards be added as noted in item 5 above.
- 2. Closing the driveway on to Haley Road with a permanent barrier as noted in item 4 above.
- 3. Basketball tournament be moved to the front of the building or eliminated as noted in item 2 above.

Finally, take a walk down Haley Road on the sidewalk, middle of the road or on the side almost any time of day and vehicular traffic will not impede your way. We have a quiet, family oriented residential community we enjoy.

We ask that you not take this joy from us.

Respectfully submitted,

Gordon J. Vevine

Jacksonville, FL Code of Ordinances

Sec. 656.133. - Waivers for minimum distance requirements for liquor license locations; minimum street frontage requirements; signs; Downtown properties.

- (a) Waivers for minimum distance requirements for liquor license locations; waiver criteria.
 - Applications for minimum distance requirements for liquor license locations shall be considered by the Commission in accordance with the notice and public hearing requirements for zoning exceptions set forth in <u>Section 656.131</u>. Applications for waivers shall be in writing on the form prescribed by the Commission and filed with the Department together with the required number of copies and all required attachments. Upon receipt of the application, the Zoning Administrator shall determine whether the application is complete within five working days. If it is determined that the application is not complete, written notice shall be provided to the applicant specifying the deficiencies. The Zoning Administrator shall take no further action on the application until the deficiencies are remedied. When the application is determined to be complete, all fees must be paid as specified in <u>Section 656.147</u>.

The waiver for minimum distance requirements from a church or school for a liquor license location may be granted if there exist one or more circumstances which negate the necessity for compliance with the distance requirements, including, but not limited to the following:

- The commercial activity associated with the alcoholic beverage use is of a lesser intensity than the commercial activity associated with the alcoholic beverage use which previously existed; e.g., there has been a reduction in the number of seats or square footage or the type of license;
- (2) The alcoholic beverage use is designed to be an integral part of a mixed planned unit development;
- (3) The alcoholic beverage use is located within a shopping center with an aggregate gross leasable area of 50,000 square feet or more, inclusive of all outparcels and meets the definition of a "bona fide restaurant", as defined in <u>Section 656.805(c)</u>;
- (4) The alcoholic beverage use is not directly visible along the line of measurement defined in <u>Section 656.806</u> and is physically separated from the church or school, thereby negating the distance requirement as a result of the extra travel time; or
- (5) There are other existing liquor license locations of a similar nature in the immediate vicinity of the proposed location; provided, however, that no waiver shall be granted pursuant to this criterion if the proposed liquor license location is closer to the church or school than other existing locations.
- (b) Minimum street frontage requirement and sign waivers. Applications for minimum street frontage requirement and sign waivers shall be considered by the Council in accordance with the notice and public hearing requirements for rezonings set forth in <u>Section 6560924</u>. Applications for these waivers shall be in writing on the form prescribed by the Council and filed with the Page 284 of 327

Regarding the property at the corner of Haley Road and San Jose Blvd. proposal to it being a Sports Bar with the Sale of Liquor and Beer inside and out, and the Waiver of the liquor distance law as it applies to nearby houses of Worship, we oppose this plan based on the following:

 There is a lot of foot traffic at this intersection, especially on Saturday and Jewish Holidays. We already had One fatality not too long ago, and the addition of alcohol related activity will only increase the chances of This happening again.

Haley Road and San Jose Blvd. Proposal

Ĵ

TO THE PLANNING COMMISSION, CITY OF JACKSONVILLE

We, the undersigned neighborhood residents, urge the Planning Commission to deny Applications WLD-21-04 and E-21-16 filed by Matt Harris on behalf of Time Out Sports Grill Mandarin, concerning the property at 10140 San Jose Boulevard. The proposal does not meet the criteria set out in the application, specifically ii, iii, iv, and vi.

The sports bar use is not compatible with existing uses in the neighborhood. The parking lot abuts a religious institution, Chabad, and right next to that is another religious institution, the Korean Baptist Church.

The entrance to the parking lot of the property leads right into the Starshire Subdivision, a very small, quiet subdivision that has been a safe and comfortable place to live since it was built in the 1970's. The intersection where the sports bar will be located is one that is used by a lot of foot traffic every Friday night and Saturday, with people crossing to attend synagogues in the area. The promised crossing guards will not solve the problem, and will not allow people to reach their synagogues in a safe and dignified manner.

Haley Road is a narrow street where the views are obstructed by the wonderful trees which give the neighborhood its character. There are children and seniors walking on that street every day. Attracting drivers unfamiliar with the area, and possibly impaired by alcohol, on that road is a recipe for disaster.

The San Jose intersection has already had one fatal accident and at least two crippling accidents, and many, many near misses.

Outdoor seating will create noise that will deprive us of the peaceful use of our outdoor spaces and of the ability to open our windows when the weather is favorable. Also, apart from the noise of the bar, the patrons are likely to be blasting their radios when they arrive or leave, further disrupting our quiet.

A sports bar is very different from the restaurants which exist near our neighborhood, and it doesn't meet any needs of the immediate neighborhood—it just endangers the neighbors with traffic and noise.

TO THE PLANNING COMMISSION, CITY OF JACKSONVILLE

We, the undersigned neighborhood residents, urge the Planning Commission to deny Applications WLD-21-04 and E-21-16 filed by Matt Harris on behalf of Time Out Sports Grill Mandarin, concerning the property at 10140 San Jose Boulevard. The proposal does not meet the criteria set out in the application, specifically ii, iii, iv, and vi.

The sports bar use is not compatible with existing uses in the neighborhood. The parking lot abuts a religious institution, Chabad, and right next to that is another religious institution, the Korean Baptist Church.

The entrance to the parking lot of the property leads right into the Starshire Subdivision, a very small, quiet subdivision that has been a safe and comfortable place to live since it was built in the 1970's. The intersection where the sports bar will be located is one that is used by a lot of foot traffic every Friday night and Saturday, with people crossing to attend synagogues in the area. The promised crossing guards will not solve the problem, and will not allow people to reach their synagogues in a safe and dignified manner.

Haley Road is a narrow street where the views are obstructed by the wonderful trees which give the neighborhood its character. There are children and seniors walking on that street every day. Attracting drivers unfamiliar with the area, and possibly impaired by alcohol, on that road is a recipe for disaster.

The San Jose intersection has already had one fatal accident and at least two crippling accidents, and many, many near misses.

Outdoor seating will create noise that will deprive us of the peaceful use of our outdoor spaces and of the ability to open our windows when the weather is favorable. Also, apart from the noise of the bar, the patrons are likely to be blasting their radios when they arrive or leave, further disrupting our quiet.

A sports bar is very different from the restaurants which exist near our neighborhood, and it doesn't meet any needs of the immediate neighborhood—it just endangers the neighbors with traffic and noise.

2021-374 ON FILE Page 301 of 327 Regarding the property at the corner of Haley Road and San Jose Blvd. proposal to it being a Sports Bar with the Sale of Liquor and Beer inside and out, and the Waiver of the liquor distance law as it applies to nearby houses of Worship, we oppose this plan based on the following:

- There is a lot of foot traffic at this intersection, especially on Saturday and Jewish Holidays. We already had One fatality not too long ago, and the addition of alcohol related activity will only increase the chances of This happening again.
- Outside consumption of food and alcohol will increase the noise level. When a Sports Bar was located on Kori road which was approximately one mile away, you could hear the noise on weekends in the Pickwick Three subdivision.
- 3. Traffic will also increase on Haley Road and Bernice Road leading to Scott Mill Road, with a sharp curve on Bernice and a dead end circle on Merlin and Cornelia Drive.
- 4. With three Jewish and one Baptist houses of worship distances from the proposed Bar being less than One hundred feet to approximately one thousand feet, this is certainly not worthy of any "zoning exceptions".
- 5. Property values will be reduced especially on Starshire Road, which is directly across from the proposed bar, And homes on Haley Road.

I am writing to express my strong opposition of the Time Out restaurant and Bar at the old Village Inn at 10140 San Jose Blvd. I live directly across from the property and would be negatively affected. My husband and I are elder and my husband is very sick. We have lived in this house for over 25 years. Not only will the alcohol and bar environment negatively affect us late at night directly, the loud noise and outside bar area would negatively affect our living condition.

As mentioned, we have lived in this home for over 25 years and take pride in the lovely community we are a part of. But I fear a bar directly across from my house would also negatively affect the value of our home. No one wants to raise a family directly in front of a bar.

Thank you, Widad Zacharia

RE: 3. W L D-21-04 (companion E-21-16

Dear Mr. Huxford:

I am writing regarding the above-referenced application for a variance that is scheduled for hearing this evening. The applicant referred to me in his application suggesting that I was thrilled with the prospect of the sports bar which is the intended use. I am writing to correct the record.

Mr. Harris did approach me as the Rabbi of synagogue directly across the street from the property. I voiced my concerns to Mr. Harris and we engaged in productive dialogue. Our congregation has many members, including children, who walk past the project on Haley Street to and from our synagogue. A member of our congregation was tragically killed by a motor vehicle when walking to synagogue several years ago, so this issue is one of importance to me and my congregation.

I am not thrilled with the prospect of a sports bar and liquor variance contrary to the statements in the application. Although the synagogue has not taken an official position, we would hope that if the City approves this application, it will consider imposing requirements to address the neighborhood concerns and pedestrian safety along Haley Road.

I would appreciate it if you would provide this letter to the committee members reviewing the above application.

Hi Howard,

Thank you for following up.

I have actually given the matter some thought and am of the opinion that Chabad is not being given adequate consideration in this process. Somehow I was told by several people that there would be more measures to protect Chabad from the matters that require the distancing of this type of a facility. I was very surprised when Mr. Harris offered to plant a tree at Chabad as a way of dealing with the issue. So while I'm not ready to oppose the entire project, I am certainly unhappy with the way Chabad is being treated and I am therefore expressing my opposition to this project as it is designed at this point.

Feel free to share this correspondence with whomever you please.

Best of luck.

Erin Abney and Folks Huxford:

Hello and warmest greetings from our family to you and yours.

This message is in response to the proposed zoning of a sports bar in close proximity to our neighborhood. While I do not object to sports bars, I believe that the location for the one under consideration is not appropriate for several reasons. These reasons are: 1. Risk to public safety, 2. Disrespect for Jewish and Christian beliefs/practices/sites and 3. Increased noise levels.

My chief concern is the danger to human life associated with the location of the sports bar. Our neighborhood could potentially have people leaving the sports bar, intoxicated and driving automobiles through our neighborhood and adjoining streets - where families and their children are playing, walking, bicycling, etc.

As mentioned, this is predominantly, a Jewish neighborhood. Many have chosen to live here in order easily travel by foot, according to the Torah, to their places of worship and religious/cultural significance during the Sabbath and Holy Days. The sports bar would be along the route taken by Jewish families to/from the synagogue (Etz Chaim synagogue - <u>https://www.etzchaim.org</u>, Jacksonville Jewish Center - <u>http://www.jaxjewishcenter.org</u> and Chabad Lubavitch of Northeast Florida - <u>https://www.chabadjacksonville.org</u>). Note also, that during week days, school aged children from public schools or the nearby Torah Academy of Jacksonville (<u>https://torah-academy.com</u>) also travel along a similar path near this proposed sports bar.

Another concern is that this sports bar would be right next to a Jewish center (Chabad Lubavitch of Northeast Florida). Additionly, it would also be very close to the Jacksonville Korean Central Baptist Church (<u>http://www.jacksonvillekorean.org</u>), which is right beside the Jewish center. It is truly disrespectful and inconsiderate to the Christian and Jewish citizens of this area to have a sports bar - with enibriated customers, loud music/noice, etc in such close proximity to these

Page 307 of 327

Lastly, the increased noise levels created by a sports bar would be a constant and unwelcome irritant to the tranquility of our neighborhood. It would also be disruptive to local places of worship.

Due to my work schedule, I am not able to attend today's meeting: "NOTICE is hereby given that on April 22, 2021 at 1:00 P.M. the Planning Commission of the City of Jacksonville will hold a Public Meeting in the Edward Ball Building, 1st Floor - Training Room, 214 North Hogan Street, Jacksonville, Florida, 32202". I request that my objections to the proposed sports bar - conveyed to you via this email message - be noted / recorded.

Many thanks for your attention and consideration of my concerns.

To Whom It May Concern,

We are writing to oppose the opening of the Sports Bar on the corner of San Jose Blvd and Haley Rd. We live down the block from this location and are a family with young children. We are concerned about the potential clientele, behaviors, and noise levels that this bar will bring to our neighborhood. We do not want our children to be exposed to behaviors encouraged and promoted at a bar, and quite frankly, view this bar as introducing a safety risk to our community. This is not an establishment that we want to have in our quiet, residential neighborhood.

Thank you for your time and consideration,

Sincerely, Binyamin Levin and Megan Romer

Hi Gloria -

The fence provision isn't good enough - we'll still have issues with increased vehicular traffic along Haley Road, and will most likely see residential parking creep from the sports bar. This will also exacerbate the pedestrian vs. vehicle issue at the intersection of Haley Road and San Jose Boulevard. The TPO recently included the camera-activated crosswalk at the intersection of Haley Road and San Jose Boulevard as an innovative way to improve the safety of high trafficked intersections at the Beaches. Other restaurants and bars in the area don't have a driveway or parking lot entrance that accesses a residential neighborhood road.

Allowing any visitor to the Sports Bar access to Haley Lane would cause the character of our neighborhood to be irrevocably changed - which would be a direct violation of the provisions of the Comprehensive Plan. The intent of the developer is to create a neighborhood friendly restaurant, but it is in fact advertised as a Sports Bar, with limited Kosher offerings and heavy on the sale of alcohol. If approved, this location will become a constant source of complaints from neighbors for noise violations and vehicles parking along residential property lines. I stand firm on the conclusion that allowing a sports bar in this particular location, next to a school that recently received approval to increase the amount of students that it serves, and with an access drive that spills into a 2021-374

residential neighborhood with no outlets or deadend streets is a direct violation of the intent of the comprehensive plan and should be denied.

Redevelopment of blighted properties is normally a good thing and will result in an increase to the tax roles for the City, but at a cost to the ideal residential feel of our neighborhood. I'm certain that it will also cause undue hardship to adjacent property owners and the property owners along Haley Lane and throughout the neighborhood. Our neighborhood is heavily pedestrian oriented and allowing a commercial property to access the neighborhood drive will disproportionately effect the amount of residents of the neighborhood that walk with visitors to the sports bar arriving by vehicle. Further, in 2019, the current TimeOut Sports Grill received 42 calls for service from the Jacksonville Sheriffs Office; and between 2020 and 4/22/2021 that same location had 17 calls for service from JSO - keeping in mind that most of 2020 restaurants and bars were closed due to the COVID-19 Pandemic.

I urge the Plan Commission to vote to deny the application as presented as it violates the intent of the Comprehensive Plan to preserve or improve the quality of life for residents in our neighborhood.

Please forward to all Planning Commission Members:

I am emailing to express my strong opposition to Application E-21-16 for a restaurant and bar with outdoor seating going into the old Village Inn. I have lived in my home for almost 45 years and have enjoyed the community which is made up of various people from all kinds of different backgrounds. Although there is a large Jewish population, I am not Jewish. But I feel a strong connection and sense of community in this neighborhood.

Below are portions of the minutes from the meeting that was held on April 22 regarding the school increase from 20 to 50 students for application E-21-17, which is located right next to the Village Inn restaurant. Not only do the people who live in the neighborhood point out the large pedestrian traffic, but even the Chairman points out the pedestrian traffic and the fact that increasing the number of students will increase pedestrian traffic.

So how can the school be approved with acknowledgement it will increase foot traffic but then a restaurant/bar approved that will increase vehicle traffic with increased chance of drunk driving. Those two things seem in contradiction to each other.

MS. FLEET: Mr. Chairman, the Chabad has been in this location since about 1984. They had the school approved back in 2013, and they got the waiver as Mr. Folks [sic] said. What they would now like to do is construct some units in the back and to have economy of scale in demand. They would like to increase it to 50 students. Right now they don't have 50, but they're hoping to be able to grow to that. But the units -- in order to construct it, you have to at least plan on that many units. It provides a transitional use to the commercial and the residential. It's very quiet in that neighborhood. The -- most of the students live in that neighborhood and there's a lot of walking. And if they go out of the neighborhood, they have to go down Haley Road anyway, so it's really not creating any more traffic than is existing in the neighborhood.

MR. MILNER: I just wanted to briefly point out to the Commission that it is the only -- that the Chabad is located in the only -- the largest and arguably only Orthodox Jewish community between Daytona and Orlando, so there's larger communal implications for the decision of the Commission in this case. THE CHAIRMAN: Great. Thank you, sir

MR. WYNN: Commissioners, I am very much in favor of this application. I wanted it to be on record that this fits the character of our community. It's -- while I do think that the vehicular traffic won't be an issue, I do think that there will be more pedestrians, which is a good thing. It fits in with the Comprehensive Plan of the City of Jacksonville. It fits in with multimodal transportation efforts that we're going through in Duval County. I think that this is a good thing. I wanted that on record before the next one

MR. MECKE: The -- I was doing a lot of surveying for the other issue, but one thing 22 that came up to me was the fact --of several of the neighbors was the fact that, you know, you've got a two-lane road and they have got people dropping off and picking up during the day. It's going to -- you know, it's going to be a traffic issue. It's bad enough now. You've got traffic coming in off of Scott Mill, down Bernice and down Haley. You've got the sorriest -- one of the sorriest lights in town on the corner of Haley and San Jose. You may get 10 seconds to turn; you may get 30. You get people backed up; they're going to get 1antsy. They see the light turn, and then all this traffic, you know, people blocking traffic and all. That's the only point I would like to make

COMMISSIONER HACKER: Thank you. Just a quick comment, through the Chair. I think the use is appropriate. It seems like it's a moderate increase in the number of students. I did appreciate the person from the public coming and letting us know about the Orthodox community that we have out there. That's pretty interesting, so I'm in support of It. THE CHAIRMAN: Thank you. Commissioner Brown. COMMISSIONER BROWN: Thank you. Through the Chair, I used to live right around the corner, over by Big Tree, and it is a very pedestrian, Jewish-centric area and a lot of foot traffic. So I'm not too concerned about the additional 30 students and traffic. I do think that would be a lot of pedestrian traffic

There are 3 religious institutions and 2 schools within this zoning. Please consider the impacts on children and families when making this extremely important and potentially life-changing decision.

I am confident that this committee takes very seriously the responsibility of their roles and decision making. I know they are trying to do what's best for the community at large. Therefore, I am requesting:

- 1. I strongly encourage the committee members to come witness for themselves the amount of pedestrian traffic and how the proposed restaurant/bar would impact the neighborhood. Please come on a Friday evening when foot traffic is at it's highest and at the same exact time of the proposed bar "Happy Hour". I urge you to see for yourself so that you can make an informed decision that will affect the lives of an entire community.
- 2. I am requesting a traffic study be conducted at our street on Haley Road and San Jose Blvd. This will provide more insight into the impact of this proposed establishment.

I am unable to be there in person today and request this email be recognized by the committee.

Thank you, Rana Rukab 2986 Qakisle Rd N Jacksonville, FL 32257

Mr. Huxford:

Good afternoon!!

Regarding E-21-16 and Companion W L D 21-04 on tomorrow's agenda, I have attached a request for Conditions for the Commission's consideration. How is it transmitted to the Commission? I'll be at the meeting tomorrow to discuss.

I sent this document to Mr. Matt Harris yesterday; I've not received a reply. Last night he sent us an email informing us that he is meeting with a "working group" today to finalize changes. Have you received anything from Mr. Harris? If so, can we get a copy?

As always, thank you for your assistance.

Requested Conditions to current driveway egress onto Haley Lane Discussion: Applicant's original submission requested modification to existing zoning at 10140 San Jose Boulevard which will likely increase vehicular traffic onto adjoining residential street Haley Road. Per Applicant's submitted Site Plan (Exhibit "C") there are two entrances/ exits to the site. Shown on Attachment 1 to this document, Driveway "2" exits directly onto Haley Road. Currently, traffic exiting Driveway "2" to the right (west) will immediately encounter a currently unmarked pedestrian crossing, as shown in Attachment 2/ Applicant's "Aerial View."

There is **no distance** from the driveway to the crossing - see aerial view. Also, the driveway crosses the pedestrian sidewalk, creating additional potential hazard.

The crossing/intersection is active, particularly on approximately 94 Sabbaths and Holy Days per year. This results in approximately 190 crossings given walking to and from religious services multiple times each of those days.

We wish to minimize the possibility of vehicles exiting right / west onto Haley Road from hitting pedestrians and baby strollers/ carriages.

The following are Requested Conditions to E-21-16 (companion W L D-21-04):

- 1. Require Applicant to paint a "left turn only" white arrow on the payment.
- 2. Require applicant to post, as appropriate, Stop sign, no right turn and pedestrian warning at driveway exit.

Summary: Patrons of the proposed Time Out Sports Grill will have full access to Haley Road by exiting the driveway "1" onto San Jose Boulevard's right turn lane and turning right at Haley Road. Pedestrian safety will be enhanced because the San Jose intersection

is controlled by a traffic light and will give drivers ample warning of pedestrians on Haley Road.

Respectfully submitted Gordon Levine 3114 Watson Drive

Received

TO THE PLANNING COMMUSSION, CITY OF JACKSONVILLE

We, the undersigned neighborhood residents, urge the Planning Commission to deny Applications WLD-21-04 and E-21-16 filed by Matt Harris on behalf of Time Out Sports Grill Mandarin, concerning the property at 10140 San Jose Boulevard. The proposal does not meet the criteria set out in the application, specifically ii, iii, iv, and vi.

The sports bar use is not compatible with existing uses in the neighborhood. The parking lot abuts a religious institution, Chabad, and right next to that is another religious institution, the Korean Baptist Church.

The entrance to the parking lot of the property leads right into the Starshire Subdivision, a very small, quiet subdivision that has been a safe and comfortable place to live since it was built in the 1970's. The intersection where the sports bar will be located is one that is used by a lot of foot traffic every Friday night and Saturday, with people crossing to attend synagogues in the area. The promised crossing guards will not solve the problem, and will not allow people to reach their synagogues in a safe and dignified manner.

Haley Road is a narrow street where the views are obstructed by the wonderful trees which give the neighborhood its character. There are children and seniors walking on that street every day. Attracting drivers unfamiliar with the area, and possibly impaired by alcohol, on that road is a recipe for disaster.

The San Jose intersection has already had one fatal accident and at least two crippling accidents, and many, many near misses.

Outdoor seating will create noise that will deprive us of the peaceful use of our outdoor spaces and of the ability to open our windows when the weather is favorable. Also, apart from the noise of the bar, the patrons are likely to be blasting their radios when they arrive or leave, further disrupting our quiet.

A sports bar is very different from the restaurants which exist near our neighborhood, and it doesn't meet any needs of the immediate neighborhood—it just endangers the neighbors with traffic and noise.

To the Planning Commission, City of Vacksonville Re: Applications WLD 21-04 and E-21-16 We, Wided and Yousef Zachania, have lived at 2987 Starshine Cove, on The corner of Starshire Cove and Haley Lane, request that you dery The applications to allow a sports bar acress The street from our house. We are 70 and 74 years old. Yousef is on dialysis and is occasionally hospitalized. Wided is then alone in The home. " We have lived here for 26 years but We would move away if there were a Spoits bar across The street. Our eight grand children spend two months have lveng summer but we would not allow them to be so close to a sports bar. We are worried about The traffic and would not be comfoutable walking In The neighborhood if There was a Sports bar here. We are also very worried I would gladly come to the Planning about The noise, meeting but I have to pick up grandchildren at the time. Yousef is too sick to attend. 2021-374

Time Out Meeting – April 27, 2021

This afternoon, Bobby Handmaker and I met with Matt Harris and a backup attorney from Rogers Towers.

We prefaced that our goal was for this to be a productive meeting but that there are issues of great concern to the community.

Excessive Noise

We had asked to see the copy of the plans that they had submitted to the commissioners on Thursday. It showed a now smaller outdoor deck that had moved so the San Jose side, however it was on the Haley corner and not the Popeye's corner. It was addressed that this is an improvement, but it still created the opportunity for noise and (a much smaller, but existent) access to pedestrians on Haley Road.

Parking

We addressed the fact that he did not have enough parking and made the suggestion that he create a relationship with the Clifford Newton PA office, which has 20 parking spaces to have his staff and some overflow park there. He also should create a relationship with a towing company to be able to quickly tow a car that may be improperly parked on Haley. He should help facilitate signage at his establishment and along Haley that states that there is no parking in this residential area. They will need to contact the city and work with them to implement. We also shared that this is in their best interest so they are not liable if any incidents that happen within the neighborhood. The no parking zone would include Haley from San Jose through Haley Lane (including Starshire, Oakisle, Mandarin Hollow).

Haley Road Driveway

We stressed that this was the actual starting point of all activity we wanted to see and followed with a wall that stretched from the Chabad wall to the front of the property, blocking his deck on the Haley Road side. In fact, it was reiterated that the wall was the first, second and third priorities above everything else.

If the wall is up, it would block people from driving drunk on Haley, cut the sound from the deck and parking lot, keep smokers and wanderers off the street and help block those at the establishment from viewing the walkers on their way to and from shul.

It was actually pitched as a community marketing opportunity, allowing for youth organizations to have contests to paint sports murals on either side to promote the venue.

Crossing Guard

We shared that this was unnecessary, but if he was planning on making this investment then it should be an off duty copy on "beat patrol" to ensure no one drives drunk and that the patrons stay out of the community.

Location

We asked him why this was the location he selected and needed to be at. He provided us with a demographic answer. We asked why he had not looked at better options, such as the old Al's Pizza (which we then learned had recently been sold) and Kmart (which changed the entire expression of his face. He has no intention, at the moment, to consider another location.

Smaller Issues

Suggested that the basketball tournament take place as the JCA with Time Out as the sponsor. It was made clear that if he fills the parking lot with basketball courts, there will be no place for patrons to park.

We made mention of a request for a Kosher food option. The response was that it would be very difficult to manage.

We questioned that his menu was lacking main courses and a kids menu and he said he would be adding items.

Investors

At the end, I asked him who his investors are. He provided a very direct answer that the business is a private corporation and he does not need to tell us. However, he did share that they were all Jewish. Which leads me to believe that these are all friends of his father and father's girlfriend (Sue Eaglstein. Yes, THAT Sue Eaglstein) and possibly prominent, well known, people in the Jewish Community – which makes this whole situation worse.

His Concern

His two concerns were that there would be others in the community to negotiate with and that even after negotiating someone might be displeased with the situation and file any type of injunction. I assured him that this is the only negotiation he will be having but we would not guarantee that an individual homeowner may not still have an issue and go to court. He seemed somewhat upset by that.

Hours of Operation

He confirmed that what he entered on his application for weekday hours was not true. His intent was for the *outdoor patio* to be closed by 9 each day. The report that the city developed confirmed that his request was for the **restaurant** to close at 9. He was informed that there will be a number of people who will not be happy with this. However, if we do get the wall, and he does close the deck at 9, it may not be that big of an issue for him to operate, with all of his sound indoors, until 11.

Next Steps

He told us he will bring these back to his investors and schedule a time to get back with us.
