PROGRAM OVERVIEW:

Boys & Girls Clubs of Northeast Florida is requesting funds for capital improvements for our newest community-based program site at Clanzel T. Brown Boys & Girls Club at 4575 Moncrief Road, Jax, FL 32209. The scope of work will include project coordination, job overhead, demolition and haul off, site work, metals, carpentry, window & doors, finishes, mechanical, and electrical renovations, landscaping, and classroom furnishings to provide a safe and aesthetically pleasing site of which our members and the residents of the Jacksonville community will be proud. Clanzel T. Brown is in zip code 32209 where rates of violent crime, poverty, unemployment, food insecurity, gang activity and infant mortality are the highest in the city; where neighborhood schools are low-performing and resident educational attainment is low. BGCNF will provide programming in 5 key areas: academics, health and wellness, sports and recreation, service and leadership, and the arts for 200 young people in a safe environment. Programming will benefit the residents of Duval County, especially those residing in the 32209 zip code, through both short- and long-term outcomes. BGCNF members see short-term benefits as increases in academic performance, school retention, high school graduation rates, and postsecondary enrollment and completion. Long-term outcomes include members making choices to promote a healthy lifestyle, obtaining jobs and careers, engaging in higher/continuing education, internship, and apprenticeship opportunities, and include BGCNF members being good citizens and obtaining the future outcomes they desire.

PROGRAM SCOPE OF WORK AND DELIVERABLES:

The BGCNF executive team, under the guidance of the general contractors, will work to help keep renovation deliverables on track, and on budget.

- •October-December Deliverables: Completion of general requirements and site work
- •January-April Deliverables: Completion of metal framing, carpentry, and wood framing
- •June-Summer Camp is in session
- •July-September Deliverables: Completion of finishes, prime/paint walls, drywall, ceiling tiles and mechanical work for HVAC. Electrical: lighting, and outlets.

Programming to be offered at the Clanzel T. Brown facility: To provide strong academic and education for BGCNF members who participate in **Project Learn** each day for homework help, tutoring, and supplemental instruction provided by certified teachers. Project Learn includes STEM education, project-based learning, and study skills. **Triple Play** addresses the mind, body, and soul, offering Club members structured sports and recreational activities, Wellness activities, and promotes social emotional learning daily during the school year and in the summer. Athletic programs including baseball, t-ball, flag football, tennis, and basketball are included in Triple Play. BGCNF members participate in **SMART** programs weekly during the school year and in the summer and are age-appropriate curriculum that encourage students to make healthy choices and refrain from engaging in risky behavior. BGCNF offer many activities, these are a few of our major drivers for reaching organizational programming goals and objectives.
