61 parcels in the NAP

43 Petitioners' parcels in the NAP

JEA has a lift station within the project footprint and JEA is assuming the cost for a property that was already included in a previous underground project area (1869 Ribault Court), and will contribute a pro-rata share for its facilities and said property outside the special assessment.

8. ESTIMATED PER-PARCEL TOTAL AND ANNUAL ASSESSMENT:

TOTAL:	\$15,924 per parcel
Estimated per parcel annual assessment w/o fees	\$1,116
Annual Assessment with property appraiser & tax collector fees & early payment discount adjustment (7%)	\$1,195

For 20 year term

9. METHODOLOGY USED TO ESTIMATE PER PARCEL ASSESSMENT:

The cost of the main portion of the project will be divided equally between the property owners.

Owners will have the option to finance parcel specific costs for conversion of utility service from the right of way to the residential structure.

10. ASSENT TO NAP:

The Petitioners comprise of 70.5% % of total benefited properties within the boundaries of the Proposed NAP. Ordinances require at least two-thirds (66.6%) of the total number of benefited properties.

11. PETITIONERS' AGREEMENTS / ACKNOWLEDGEMENTS:

Each undersigned Petitioner agrees that:

- 1) Assuming this Petition is determined to be complete and the NAP Estimate and the City's methodology does not increase the annual assessment by more than 25% of the estimated annual per-parcel assessment, no further assent or consent of any Petitioner or any citizen is needed in order for the City to establish a NAP as contemplated by the Ordinances.
- 2) The NAP Estimate includes the cost estimate that could be assessed for each property. The NAP Estimate is the overall costs to convert the overhead lines within the public right of way, which may also include the conversion of any 3 phase customer owned equipment to single phase equipment based on cost analyses.
- 3) The NAP Estimate will assume that all required easements will be granted at no cost. In the event easements are required to be purchased, the neighborhood must elect to either approve the costs or abandon the project.

- 4) The NAP Estimate will be reviewed by Public Works for evaluation of impacts to the City's rights-of way and Council Auditor for comment on completeness.
- 5) The City, JEA, AT&T, Comcast, any other communications provider and its agents shall not be responsible for any harm or damage to any property as result of the project's construction once project is completed and normal restoration has taken place. Petitioner agrees that he or she will execute a hold harmless and release further acknowledging this point as may be required.
- 6) The City may record evidence or notice of this Petition and/or its special assessment lien in the Official Records disclosing, at a minimum, the total amount and terms of the lien. Such evidence or notice shall be recorded in a form sufficient to provide notice to future parcel owners.
- 7) Petitioners will provide notice of this Petition and the processes, benefits, and burdens contemplated hereunder to any person who may be contemplating the acquisition of some interest within the project boundary in the event the City fails to record for whatever reason some notice of the special assessment lien.
- 8) Petitioners understand and acknowledge that in the event that JEA discovers unforeseen or unexpected conditions and results in an increase in the project cost more than 25% than the NAP Estimate, then 66.6% of the NAP must agree to increase costs. If the NAP withdraws its support or fails to agree to an increase in costs, all parcel owners shall be assessed the actual prorated project costs expended. Alternatively, if the project is under budget, the NAP will be assessed a pro rata share of the inclusive actual costs expended.

12. PETITIONERS' CERTIFICATIONS:

- 1) Each undersigned Petitioner acknowledges receiving an unsigned copy of this Petition and has read and understands fully the statements, terms, conditions of such documents and/or has had sufficient time and opportunity to seek professional, legal and/or other assistance regarding same before signing this preliminary petition.
- 2) Each undersigned Petitioner owns a parcel of real property within the NAP as of the time this Petition is executed by Petitioner.
- 3) Each undersigned Petitioner has full authority and right to execute this Petition, and, in the case of homestead properties or properties owned by other than natural persons, this Petition has been executed by all those persons as would be required to grant fee simple title to the property.

13. CONFORMED COPIES

- 1) The City may attach multiple executed originals of this Page 5 to Pages 1 through 4 of this Petition for recording or other purposes.

WHEREFORE, the undersigned Petitioners request that the City establish a NAP as hereinabove contemplated as authorized and as provided by the Ordinances.
