Meeting Convened: 9:30 a.m. Meeting Adjourned: 10:21 a.m.

Present: 7 - Chair Nick Howland, Vice Chair Randy White, Council Member Raul Arias, Council Member Kevin Carrico, Council Member Reggie Gaffney Jr., Council Member Will Lahnen and Council Member Ju'Coby Pittman

Attendance

Council President Ron Salem (2023-386), Council Member Michael Boylan (2023-373): Mary Staffopoulos, Carla Lopera, John Sawyer – Office of General Counsel; Merriane Lahmeur and Barbara Hobson – Legislative Services Division; Eric Grantham – Public Information Division; Jeff Clements – Research Division; Kim Taylor and Phillip Peterson – Council Auditor’s Office; Scott Wilson – Mayor’s Office; Mike Weinstein – Finance and Administration Department; Chief Keith Powers – Fire and Rescue Department

Chairman Howland welcomed the new council members to the Finance Committee and told his committee that the Finance Committee is a great venue for learning about the City’s finances. He read the committee’s charge as outlined in the Council Rules. The Chair reviewed the meeting agenda and said that 2023-386 will be taken up last when the Council President has arrived at the meeting from another event.

Council Auditor Presentations

1. Report #871: Procurement Audit – Informal Purchase of Supplies

Ms. Taylor reported that the audit covered purchases under \$65,000 using a newly established system. Several internal control issues were identified: out of date standard operating procedures; excessive computer access rights; requisitions could bypass the Procurement Division altogether; gaps in data records; some confidential information not properly redacted from documents; failure to consult the disqualified vendor list when proposals were received to ensure that disqualified vendors were not considered. The department agreed with the findings and has begun making improvements. In response to a question from CM Pittman, Ms. Taylor said this audit is not one that would be done on an annual basis as it is not a financial audit. It was performed because of the potential risk involved in implementing a new informal procurement process.

2. Rolled-back millage rate resolution to be voted on at July 25 Council meeting

Ms. Taylor explained that the City is required by state statute to notify the Property Appraiser of the proposed millage rate for next year for noticing purposes by August 4th. Mayor Deegan has proposed to keep the current millage rate. The bill will need to be adopted as a first reading emergency action next week to meet the August 4th deadline. This sets the “high water mark” for the millage levy which can be lowered throughout the budget process, but can’t be raised without re-notifying all property owners of the higher rate via a mailing at considerable time and cost. Ms. Taylor said that in the past the Auditor’s Office has recommended setting a slightly initial higher millage rate than the Mayor recommended in order to provide capacity to deal with unknowns that may be uncovered during the budget hearing process, but she is not doing that this year because the City’s revenues and reserves are very healthy and there is available capacity to address anything that might arise.

Public Comment

Carnell Oliver said the Jacksonville Jaguars are very important to Jacksonville and he thinks the public funding for the stadium project and associated entertainment district should come from a regional revenue source. The public needs to be educated about what funding sources are available without raising taxes.

Aye: 7 - Howland, White, Arias, Carrico, Gaffney Jr., Lahnen and Pittman

Assistant Council Auditor Phillip Peterson explained the amendment. Fire Chief Keith Powers described the project to house 850 first responders evacuated from their regular stations during a high risk emergency until the emergency passes and they can return to their stations. CM Pittman asked about the timeline for the development; Chief Powers said it would be probably 3 years or more to complete construction. He said that this is a very innovative project in the world of fire and rescue operations.

President Salem said it is very important for the Council to have its own representation during the consideration of proposals for projects involving major facilities and hundreds of million dollars in order to provide an independent source of information to represent the Council's interests. He introduced Michael Huyghue, a local resident who is a national expert in stadium construction, financing and operations. Mr. Huyghue described his professional background and experiences with the NFL and the league's team owners and his qualifications to assist the City Council in exploring the options and possibilities for stadium renovations. President Salem said the City needs language in its contracts to address the unknown future for stadium facilities, revenues and development possibilities. CM Pittman said that Mr. Huyghue has been deeply involved in the community and is very transparent and honest in his dealings. CM Carrico said he would be abstaining from the vote due to a potential conflict due to his employment with the Boys and Girls Club of Northeast Florida where Mr. Huyghue is a board member.

CM Boylan asked Mr. Huyghue about his familiarity with the current stadium proposal as it has been announced. Mr. Huyghue said he knows just what he has seen in the media and what has been publicly distributed. CM Arias asked how the Council would be informed of his activities and Mr. Huyghue explained that he is a local resident and always available to meet with the Council in addition to making written reports.

Mary Staffopoulos of the Office of General Counsel described a new amendment distributed by President Salem which incorporates the technical aspects of the NCSPHS amendment previously adopted, removes the unnecessary emergency passage language, and authorizes a direct contract arrangement and scope of services with Mr. Huyghue. President Salem said that would be the same process the administration is using to hire a law firm to represent the City in upcoming negotiations with the Jaguars. Chairman Howland asked what would constitute a "substantial change" in the Scope of Services that would require future council approval; Ms. Staffopoulos offered several examples of what might constitute a substantial change and said the Office of General Counsel would monitor the contract.

FINANCE AMENDMENT
