### **AMEND/APPROVE**

**CP Freeman was in attendance to speak on behalf of this bill, which would amend the Council Rules to shift the public comment portion of council meetings after the consent agenda. He explained the intent, which is to permit persons who are in attendance at the meeting specifically for Consent Agenda items (City employees, appointees to boards and commissions, or persons/business groups involved with contracts or grants being approved) or fast track economic development incentive legislation to have their items heard efficiently before the 90 minute period of public comment begins. He emphasized that this would be a procedural change and not a suppression of public speech. CP Freeman shared meeting data from the past two years, wherein on average the consent agenda begins 2 hours into the council meeting, the vote to approve the consent agenda lasts less than two minutes, in 2022 and 2021 there were no speakers from the public who spoke on bills pulled from the consent agenda, and the most common reasons for CMs pulling bills were to recognize the appointee, abstain from vote, and to add name to bill.**

**CM Ferraro mentioned that some consent agenda items could be zoning issues with constituents in attendance wishing to speak. Paige Johnston, OGC, explained that zoning bills are separate from the consent agenda items. CM Diamond expressed his support and said he may propose a floor amendment on council night to move public comment after all public hearings.**
